THE COLLECTION *REIMAGINED*

The Park Hill Coastal Cottage Collection brings together a relaxed elegance that looks just at home at the beach, next to the lake or in the city. This look has gone from trend to classic and it certainly paints many Park Hill favorites in a new light. The collection is grounded in the natural elements of the air, sea and sand.

PARK HILL

REIMAGINED

Taking you to the coast –

Standing with your toes in the warm, white sand as a light breeze engulfs you in a salty yet revitalizing scent. Releasing a deep breath and feeling instantly at peace as you take in your surroundings and are calmed by the soft sounds of waves crashing before you. A moment so serene, that you yearn to recreate it in every aspect of your daily life. A moment made possible through the many coastlines found around the world.

As Park Hill dives into the introduction of our newest collection, Coastal Cottage, it is the above moment that we wish to bring into your home. Through a color palette emphasizing seafoam green, white sand and frosted beach glass, our pieces effortlessly ground any space by creating an environment filled with comfort and ease.

Bring the unique and weathered feel of Sea Glass into your entry way through our artisan glass vases, or recreate the many textures found along the seaboard in your living room with our Aged Zinc Coffee Table. The combinations of each piece are endless, all honing-in on a simplistic way of living; acting as a reminder to slow down and relax. Allow for the furniture and décor of this collection to set the tone for a space that speaks to current trends, but thoughtfully incorporates classic moments, all while seamlessly tying together the beautiful aspects the waterside has to offer.

Drawing inspiration from the sea itself, Coastal Cottage brings the desired “on-holiday” feeling into your home 365 days a year. The collection was designed with the sea in mind but is not limited to your home’s geographical location. Watch your space come to life with each piece whether you are steps from the beach, or thousands of miles away.

Each piece that comprises the Coastal Cottage collection promises to evoke the feeling that you are stepping foot into your own private oasis on the coast each and every day.

CEO, Park Hill Collection

INSPIRED BY THE SEA

We set out on a mission to bring the coast to you. We looked at conch shells, beach glass, sand dunes and sea-loving plants to curate a color palette that would be used throughout the collection.
