Country French

by PARK  HILL

THE COLLECTION REIMAGINED

The Park Hill Country French Collection brings together many of your favorite Park Hill pieces in a new way. It's softer, feminine, and more elegant than your favorite farmhouse décor. It has a fresh and bright feel that works well in traditional spaces but is equally at home in eclectic, transitional, or bohemian dwellings. The indoor and outdoor accessories are, you might say, *très magnifique*.

PARK HILL

REIMAGINED

Park Hill...*Connection*. It's the foundation Park Hill was built on. The feeling you get when your home is filled with the people closest to you. It's little reminders that propel you back to your happiest days. That's what we, at Park Hill Collection, are all about. When embarking on new collections and future endeavors, it's this word that brings us back to where it all began.

Park Hill has a commitment to our heritage, drawing inspiration from the past while looking towards the future. This excites us as we continue to bring the ideals our company was built on to our brand-new collection, *Country French*.

Our *Country French Collection* will encompass all the warmth of connection through our many uniquely designed pieces that have been reimagined and refined – bringing your favorite Park Hill pieces to life in a new way. Our *Country French Collection* promises to inspire with rustic yet elegant pieces.

We are pleased to share with you the soft, feminine and timeless pieces that comprise the *Country French Collection*. Country French is so much more than just a gathering of beautifully crafted and thoughtfully designed home décor; it's a collection waiting for a story to be told.

As always, we are grateful for your continued support and value the connections we've made over the years.
