FARMHOUSE

THE COLLECTION
reimagined

The Park Hill Urban Farmhouse collection brings together our love of the traditional, cozy farmhouse style with the excitement of modern city life. Blending warm woods with metals and pops of color to give you a fresh, fun take on urban living while still keeping the nostalgia of the farmhouse lifestyle. This collection will bring the farm to the city.

PARK HILL

REIMAGINED

PARK HILL COLLECTION INTRODUCES URBAN FARMHOUSE

Balance is aspirational through many aspects of life – it's the key to what keeps everything in motion. Balance is an understated yet important piece to the puzzle when decorating any space – which is exactly what Park Hill had in mind when creating our newest collection, Urban Farmhouse. Through this collection, we have created an undeniable balance of two lifestyles – country and city – by bringing the best of two worlds together.

Urban Farmhouse is comprised of pieces that emphasize warmth and simplicity, yet integrate a sense of modern edge that was once thought to only feel at home in the city. The decor promises to create a space that will feel bold and inviting, all while staying true to our rustic roots. Pops of color from our Washed Linen Napkins will effortlessly balance out our Reclaimed Wood Kitchen Cart to complete a dining space featuring our Antique Black Metal Bistro Chairs.

The combinations are endless, but the feeling of balance remains consistent throughout the entire collection. Blending warm woods with metals and incorporating flares of bold color throughout, each piece in the collection hones-in on the nostalgia of the farmhouse lifestyle while incorporating the energized feeling felt in the city.

Whether you find yourself putting the final touches on a home in the country or re-decorating a space in a modernized apartment, Urban Farmhouse will transform any space into the perfect balance of two lifestyles.
