REVIVE

We are a team of experienced specialists dedicated to the perpetuation of iconic cars.

What we do

Our desire is simple: offer a second life to classic cars.

We improve your experience by making them reliable, more efficient and fun.

We are eager to offer our customers the best solutions to convert their vehicles to electric power and adapted to the drastic regulations in Switzerland.

Turnkey Solutions/ Certification

We offer a high-end transformation in collaboration with renowned partners such as HAWE Mattro® (Battery Packs) and NetGain® (Motors).

We manage the entire conversion process, from initial studies to Swiss road legal certification.

Whether you already own the perfect candidate or need help finding your dream car, REVIVE's team is ready to help you transform your classic car to electric.
