

PRISMJET 229 HTR HIGH-TACK REMOVABLE WALL CANVAS

TECHINCAL DATA SHEET

PrismJET 229 HTR is a 6 mil, matte, semi-rigid printable vinyl with an embossed canvas pattern that resembles an artist canvas for interior temporary and removable signage. The HTR suffix stands for “high tack removable.” That means this vinyl performs better on low-VOC painted walls and low-energy surfaces. Yet, it’s still removable, so it won’t damage walls.

PrismJET 229 HTR has a clear, high-tack removable solvent acrylate sensitive adhesive laminated to a 90# layflat liner.
