

**CrystalSlide Classic** nail-on provides fast and easy installation for carpet protection.

Strong bond between the ABS plate and the wide steel nail-on rivet with turn break provides unparalleled strength - square and rectangular versions will stay true to the position installed.

Suitable for chairs, tables, wardrobes and other commercial and hospitality installed furniture.

*Notes: Use only on wooden furniture legs with vertical wood fibre position.*

*Usage on other types of furniture legs to be tested by customer first.*
