

# Sarah Angst Cards

Cards you love to give, get, or keep forever.

VOLUME 3.0

**WELCOME!** Thank you for taking a moment to explore the world of Sarah Angst Cards. Please let us know if you have any questions, or would like help placing an order.

Our unique card designs are replicas of artist Sarah Angst's original hand painted, linoleum block prints. To create the original prints, Sarah hand carves her drawings into linoleum. The carved blocks are then rolled with ink and pressed onto strong paper, leaving a solid black outline. Quality watercolor inks are used to bring the images you see throughout this catalog fully to life.

Our cards are printed on paper certified to the Forest Stewardship Council standards and manufactured by an FSC-certified printer. FSC certification guarantees the paper used is environmentally, economically, and socially responsible.
