Special Features

Good things about Monee Kids Food Plate

The design that kids love

Your kid can have fun eating food in the pea-shape Food plate. The green color naturally reduces the repulsion of eating vegetables.

Round Design to Prevent Food Spilling

It is designed for your kid to eat alone. It makes food spooned easily and prevent it from leaking.

Slanted Bottom Design

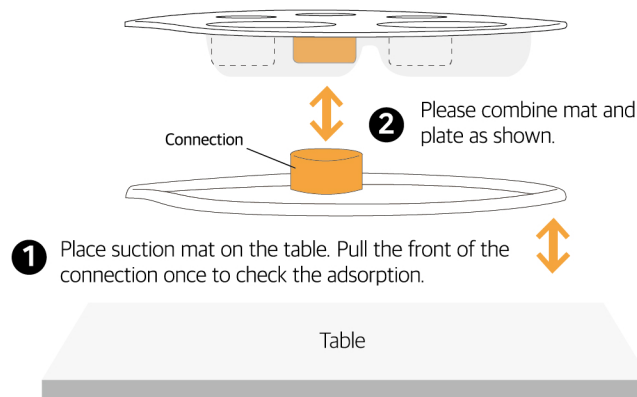

The slanted bottom sides of two large food-containing parts make food gather to one side, so your kid can finish the last piece of food easily.

Non-Slip & Suction to the table

The suction mat and the food plate can be assembled and disassembled easily. The suction mat combined with the food plate can be fixed on table.
