With the launch of Picasso Laser in 2009, the dental laser industry was forever changed. The Picasso series has been loved, celebrated, and endorsed by clinicians, hygienists, universities, hospitals, dental clinics, and patients around the world. Picasso+® dental laser offers the complete laser solution for dentists looking for power, control, and flexibility when integrating laser technology into their dental practice. Choose Picasso+ as your soft tissue treatment diode laser and use the multi-tip handpiece to create masterpiece smiles and unleash the artist in you!

With the launch of Picasso Clario™ in 2018, AMD Lasers once again revolutionized the dental market. Picasso Clario is the first diode laser specifically designed for dental hygienists and it sports a symbolic purple color. The streamlined navigation and pre-set parameters based on diagnosis facilitate simple, controlled, and appropriate use of the laser for hygiene treatments. Portable and affordable, Picasso Clario puts the power and art of laser in the hands of the hygienist.

Introducing Monet®, the first handheld curing light to use laser power and precision. Turning the dental industry on its head, the laser’s ease of use and trusted technological components make it the perfect solution for curing composite. The Monet curing laser was designed for quick and deep cures with a near-perfect columnized beam making sure your work is done right the first time. Featuring a simple design and one-button, one-second operation, you’ll have time to create the masterpiece you envision that will stand the test of time.

SKU: 005-00047
MSRP: $137.49

High-Fiber Cotton 5pk (Primary)
SKU: 005-00046
MSRP: $39.59

AEGIS™ Infared Thermometer
SKU: 005-00044
MSRP: $108.99
- High-Precision Infrared Sensor
- Environmental Adaptive Temperature-Sensing Technology
- Patented Probe Design
- Automatically Stores Last Measured Value
- Measures in Both Celsius and Fahrenheit
- Intelligent Automatic Energy-Saving Shutdown
ARMIS™
Protective Coverall Suit

Armis protective uniforms are a great reusable PPE option. This washable uniform is made of 100% polyester with conductive fibers that promote both comfort and safety. This helps provide a protective barrier against light liquid, splashes, and biological contaminants. This reusable uniform is available in both one- and two-piece options. Featured in pinstripe white. Keep your patients safe and your company safer with Armis uniforms.
