**WHY ARE ALL THE PRICES 'FROM'?**

Different materials, quantities and designs vary slightly in price and as such we like to give a price guide, and will clarify the final price once your design inspiration and ideas come together. We design with the base price in mind, and can then discuss how much extra flourishes or different materials will cost so you can make the call whether to include it or not.

**CAN YOU CREATE SOMETHING FROM AN INSPIRATIONAL PICTURE?**

We love getting inspirational pictures to help guide us in the direction you are going, however we like to put our own spin on things. We are happy to recreate something we have designed for other clients, but will only ever use inspirational images of work done by others as just that: inspiration.

**CAN YOU MATCH MY EXISTING WEDDING STATIONERY?**

We sure can. If you have the fonts that were used: even better; otherwise we will design with your existing stationery in mind to achieve a cohesive look and feel.

**DO YOU OFFER PACKAGE DISCOUNTS?**

We have a great bundle and save offer. The more items you order, the more you save. Please note you must order all your items in the one transaction to qualify for the bundle and save offer. The discount is per item - e.g. three table numbers will still just qualify as one item.
