

TANITA® BC 401

It's How We Measure.

RRP \$299

Measure your health, not your weight

Introducing the latest connected body composition monitor for healthy conscious individuals and fit families from TANITA.

This Bluetooth Connected body composition monitor will put you in control of your health. Forget wondering if you are a healthy weight and move to understanding your muscle and bone health, how hydrated you are, your physique and your metabolic age - a true insight to how healthy you are.

The BC-401 delivers the most complete full body composition analysis and accurate readings with BIA technology. Take 10 accurate and quick measurements in the comfort of your own home.

Stay motivated by tracking your progress with the FREE to download **My Tanita App**.
