TANITA UM 075

It's How We Measure.

The Entry-Level Body Fat Monitor

The Tanita UM-075 is perfect for monitoring changes in your weight and body composition over time. Using the latest Innerscan technology you will see the true impact of your diet and fitness program on your body giving you the motivation to achieve your goals. Results are clearly displayed on an extra large reverse LCD screen and the stylish design is perfectly suited to the modern bathroom.

Measurement's include Body Fat %, Healthy Body fat indicator, Total Body Water, Muscle Mass in kilograms, Basal Metabolic Rate, Visceral Fat indicator, Guest mode and Previous reading recall.

Convenient Data Collection

Your body composition measurements are automatically saved between the 4 available user profiles.

Track your progress with easy-to-read results for helpful assessments.

Set your own target and achieve your personal best.

Want to keep track of results for even more users via Guest Mode?

Download the Healthy Range Charts to keep track of your health.
