

# PETZL TOWER SOLUTIONS

## CLEARANCE

 Remember that before using your equipment, you must have read and understood the supplied Instructions for Use.

Available at [PETZL.COM](http://PETZL.COM) 

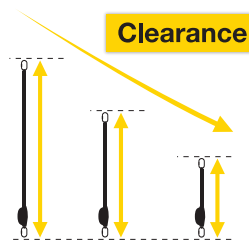

Clearance:  
Amount of clear space required below the user

 To determine the clearance value, see the instructions and technical tips for your product.

### REDUCING THE CLEARANCE BY REDUCING THE FALL DISTANCE:

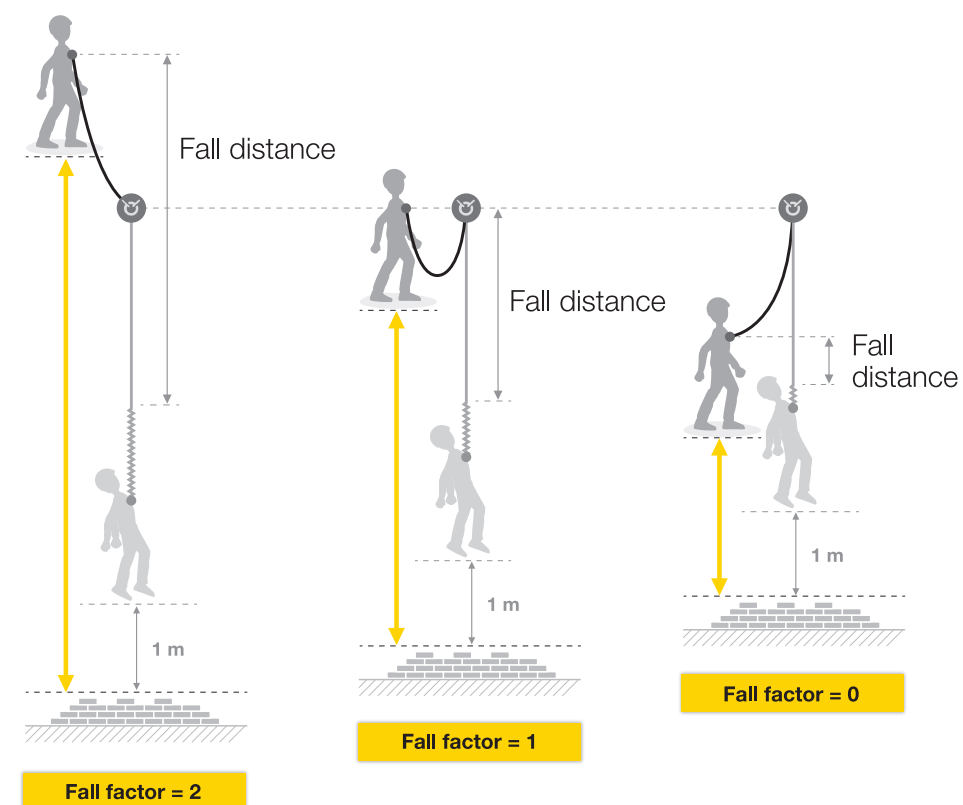

#### Solution 1

Reduce the lanyard length

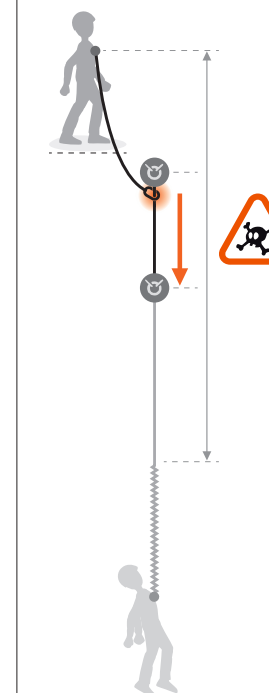

#### Solution 2

Favor work positions that are below the anchor and place the anchor points as high as possible

Avoid situations with moving anchors
