

Dining Table Project Instructions

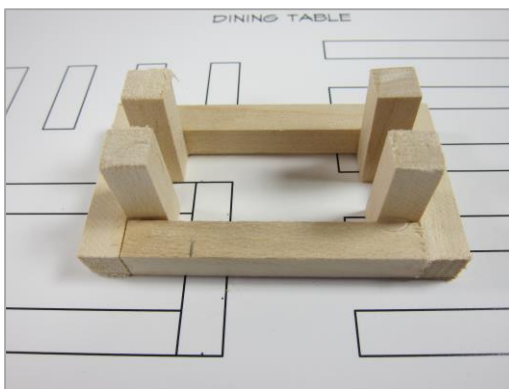

Step 1: Prepare blueprint on foam core board with wax paper.

Step 2: Measure and cut all pieces using thick sticks or thin strips according to blueprint. Pin thick sticks of the table base in place.

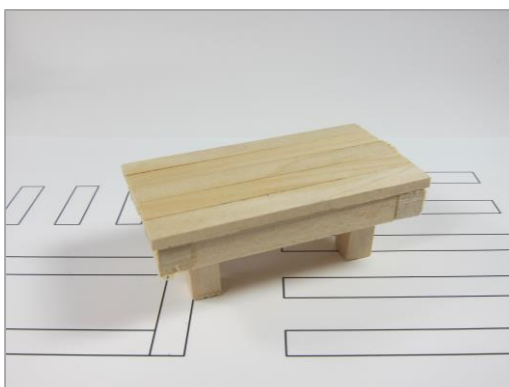

Step 3: Use Elmer's Glue All to secure each joint of the table base. Secure each corner with a yellow triangle. Allow to dry one hour.

Step 4: Glue thin strips together as shown to make the table top. Allow to dry one hour.

Step 4: Align each wooden leg with an inside corner of the table base as shown. Glue each leg in place. Allow to dry one hour.

Step 5: Place the table top on the table base. Glue the table top to the table base. Allow to dry one hour.
