

Nature

The Nature range has been inspired by the forces of nature, due to our desire to mirror the strength, elegance and timelessness of the elements they provide us: minerals, metals, wood, earth.

Based on this idea, the squeezers of the Nature range let materials and colours take centre stage. Neutral, restrained and smart materials and colours which transmit those sensations in the establishments where the juicers are installed, giving them a higher, both real and perceived, high end quality.

Z40 Nature

Adapt with chutes

40 oranges per minute. High speed and autonomy

It is the perfect juicer to attend to the needs of mass catering and large surfaces. Its capacity to extract large amounts of juice in a short period of time - up to 40 pcs. per minute! - permits satisfying the typical demand peaks of this type of establishment.

The evolution to Nature

- Smoky grey front cover.
- High quality injected plastic nuts.
- Automatic filter.
- EVS Advanced juice extraction system.
- New blade with improved cut.
- New Self Service Supreme tray.

Stainless steel chutes

- **Increased durability:** as there are no elastic belts, there are no breakages, something that could also affect the optimal functioning of the blade.
- **Greater functionality:** avoiding maintenance tasks and replacement of broken or worn belts. Cleaning the kit is also much easier.
- **Greater yield:** the new kit leads to greater juice extraction yield. Thanks to its new design, up to 10% more juice can be obtained.

Adapt Tray

How does the automatic filter work?

The Auto Cleaning System improves the juicer's efficiency due to the automatic cleaning filter. The new filter has a belt made of polyurethane that moves, thanks to a motor axle, when the squeezer is running. The belt cleans the filter by sweeping the pulp and the seeds resulting from juicing the fruits, which are then collected in the peel collection bins.

Automatic filter

Technical features

Fruit per minute	40
Weight	179.68 lbs
Peel collection	TBD
Fruit diameter	2.09"-2.99" Opt: 2.52"-3.46"/ 3.03" – 3.94" / 2.09" – 2.99" Opt: 2.52" – 3.46" / 3.03" – 3.94"
Measurements	38.58"(h) x 23.43"(w) x 21.61"(d)
Protection	Blockage sensors
Basket capacity	44 lbs
Programmer	Yes
Filter	Automatic
Dispensing tap	Yes
