DERMAenergy

**We use
ATP
for energy**

10

DERMAenergy

**We've combined
ATP & ACTIVES**

11

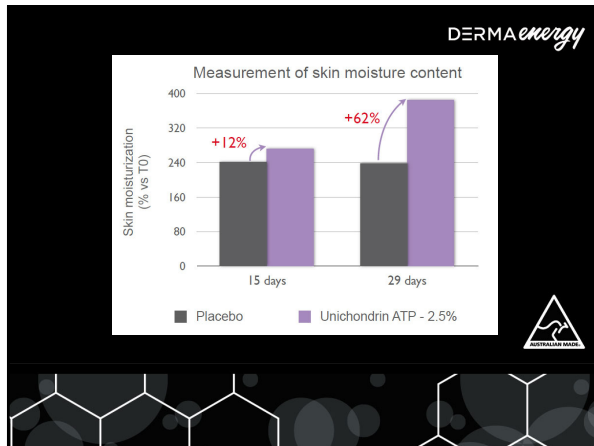

DERMAenergy

Why ATP?

- ATP is short for Adenosine Triphosphate.
- ATP rapidly increases hydration in the skin.
- ATP supports the skin's natural moisturising factor (NMF).
- ATP improves skin texture.

12

13

Dermaenergy believes –

- most of us aren't cleaning our skin properly.

Dermaenergy believes –

- it is better for the skin to exfoliate it with a liquid exfoliant.

Dermaenergy believes –

- Our skin is becoming more sensitive with the overuse of certain ingredients.
