

BANGALORE REFINERY

Colorimetric Information For Cyanideless 24KT Gold Plating Solution

Color Coordinates	
L*	89,7
a*	6,2
b*	38,5
c*	39,2

NB:- Color coordinates here reported have been measured on a white underlayer and they are to be intended as PURELY INDICATIVE being strongly dependent on underlayer color, on thickness of the deposit and on specific design (shape) of the surface.
