MUZT

Deluxe Soft Close Quick Release Toilet Seat **Installation Manual**

## LIST of PARTS

1	Expansion Bolt	5	Screw
2	Rubber Washer	6	Hinge Base Cover
3	Hinge Base	7	Hinge
4	Washer	8	Toilet Seat & Cover

Please Note: *This installation manual must be followed in order for the seat to be fitted and work correctly. Please check to make sure you have all the parts (1- 8) listed below.*

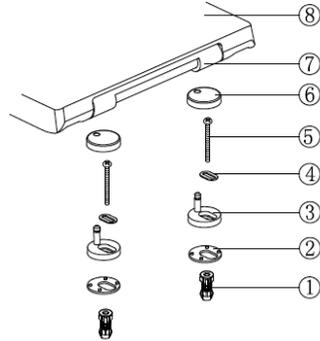

Step 1
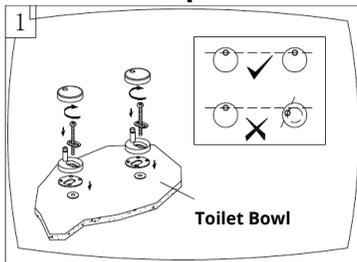

Toilet Bowl

- Push the nylon Expansion Bolts (1) all the way into the holes of the toilet bowl.*****
- Place the Washer (4) into the slot of Hinge Base (3) and insert the Screw (5) into the same slot.
- Insert the Rubber Washer (2) to the bottom of the Hinge Base (3).
- Use a screwdriver to affix the Hinge Base (3) by driving the Screw (5) into the Expansion Bolt (1).
- Before tightening the screw, please adjust the Hinge Base (3) position to ensure the toilet seat is aligned with the toilet bowl by attaching the Toilet Seat & Cover (8) to the Hinge Base (3).
- Both pins of the hinge base should be at the same position horizontally as per drawing above. This is to ensure the toilet seat is installed firmly.
- Remove the toilet seat after the Hinge Base (3) positions adjusted.
- Tighten the Screw (5) all the way into the Expansion Bolt (1). This enables the expansion bolt fully expanded underneath the toilet hole to affix the Hinge Base (4) firmly.
- Place Hinge Base Cover (6) onto the Hinge Base.

*If your toilet holes are too small, there is an alternative way to install the expansion bolts. For details, please visit the toilet seat FAQs section on www.muzt.com.au

Step 2

Toilet Bowl
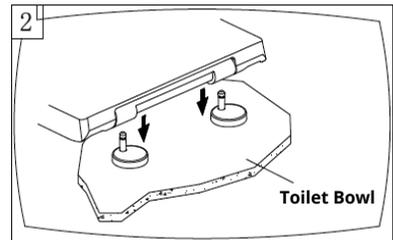

- To affix the seat, line up the toilet seat fixing holes with two Hinge Base (3) pins.
- Then push the toilet seat down. (You will hear a 'click' sound to indicate that the toilet seat is fitted correctly)

Step 3

Toilet Bowl

Quick Release Buttons
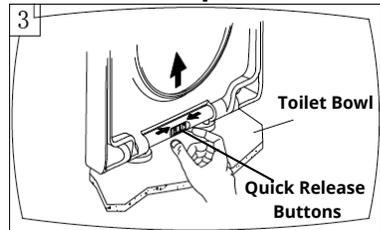

- To release the Toilet Seat & Cover (8), use two fingers to slide the quick release buttons towards each other then use the other hand to lift the seat.

Note: ♦ DO NOT use sharp or coarse materials or any corrosive products for cleaning.
♦ Use soap and water only to clean the toilet seat & cover.
♦ Please contact us at customercare@muzt.com.au for any installation enquiries.
