This serum is stable for ≥ 3 years when stored $-20^{\circ}\text{C} \pm 5^{\circ}$. Avoid repeated freezing and thawing

The material for this product was processed in the USA from the blood of healthy dogs that had not been inoculated with or exposed to any infectious agents. At no time during collection or processing was the material commingled with any other material of animal origin.

All of the dogs are vaccinated against rabies, canine parvovirus, canine distemper virus, and canine viral hepatitis virus.

This product is not to be used for direct or indirect exposure or inoculation into laboratory and domestic animals.

This product is sold for use in IVD, research, further manufacturing, or technical purposes only, and is not intended for direct use in diagnostic or therapeutic applications.
