SHIPPING CONDITIONDS: <0°C

STABILITY AND STORAGE: This serum is stable for ≥ 3 years when stored -20° C ± 5°. Avoid repeated freezing and thawing.

The raw material used was collected from Non-Swiss Albino mice.

The material for this product was processed in the USA from the blood of healthy mice that had not been inoculated with or exposed to any infectious agents. At no time during collection or processing was the material commingled with any other material of animal origin.

Serum was tested and found to be negative for Mouse Pox virus by an ELISA test method approved by the Chinese Veterinary Services before importation into the USA.

This product is not to be used for direct or indirect exposure or inoculation into laboratory and domestic animals.

This product is sold for use in IVD, research, further manufacturing, or technical purposes only, and is not intended for direct use in diagnostic or therapeutic applications.
