SHIPPING CONDITIONS: <0°C

STABILITY AND STORAGE:

For long term storage, store frozen at -20°C ± 5°C. Avoid repeated freezing and thawing.

The raw material for this product was collected from animals in Mexico in establishments under government control. The mothers (dams) received ante and post-mortem inspections under a veterinarian's supervision and were apparently free from infectious and contagious diseases. At no time during collection or processing was the material commingled with any other material of animal origin.

This product is sold for use in IVD, research, further manufacturing, or technical purposes only, and is not intended for direct use in diagnostic or therapeutic applications.
