

Alle regte voorbehou.

Geen gedeelte van hierdie boek mag sonder skriftelike verlot van die uitgewer gereproduseer of langs enige elektroniese of meganiese weg weergegee word nie, hetsy deur fotokopiëring, plaat-of bandopname, vermikrofilming of enige ander stelsel van inligtingbewaring.

Leerlinge versamel en bemeester basiese feite en kennis oor getalle deur getalkombinasies te leer, te oefen en te verstaan.

Die boek bied 'n sistematiese benadering om basiese feite oor getalle te bemeester.

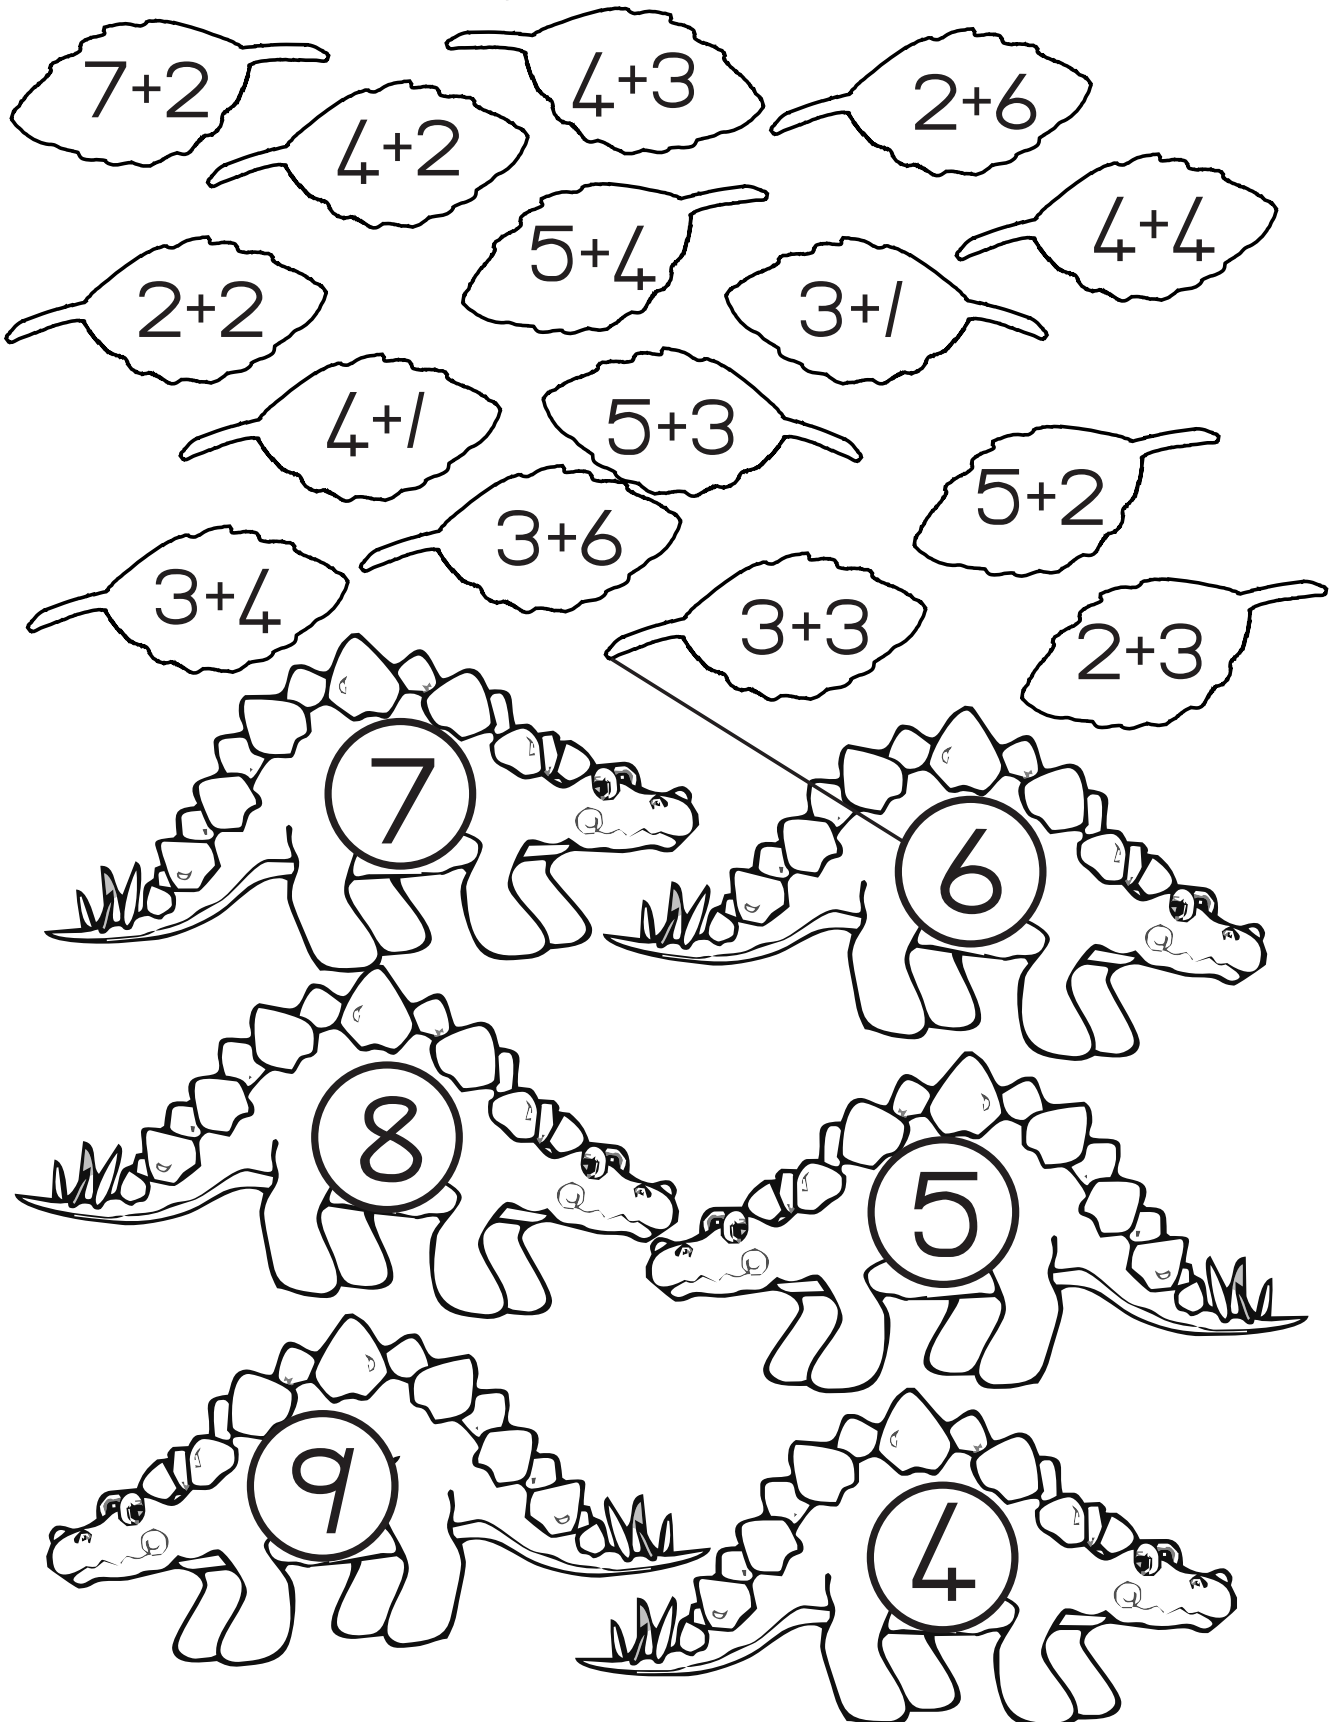

Hierdie boek volg "Gogga se getalkombinasies tot 10".

Daar is getallelyne bo-aan elke bladsy sodat die leerders die antwoorde kan uitwerk, indien nodig.

Kombinasies tot nege - hersiening.

1

Werk die antwoorde uit en trek dan 'n lyntjie na die dinosaurus met die regte antwoord.
