

Op elke bladsy is een van die letters van die alfabet geskryf.  
Die leerling begin by die kolletjie en trek die letter ná terwyl  
hy slegs tussen die lyne teken.

Die leerling herhaal die letter en voltooi die ry, asook die res  
van die bladsy.

Die kolletjie dui aan waar die leerling moet begin om die letter  
te skryf. Die laaste ry kan gebruik word om prente te teken  
of te plak van voorwerpe wat met daardie letter begin.

Die letters word in die volgende volgorde geskryf:
