

# Drink. Pedal. Repeat.

## Denver, CO

### Pedal Tour Checklist and To Do List

- Print out waiver at home and bring with you for your group to sign as they arrive. Make sure they date it correctly.
- Arrive early, we ask that everyone be ready to go 20 minutes before the start of your tour because the goal is that your start time is the latest we leave so any extra time is bonus time.
- Forward the confirmation email to your group ahead of time so they know all the important information and cannot say you didn't tell me this or that.
- Tell the people who are always late to arrive earlier so they do not hold the group up.
- Decorate for the occasion! Don't forget to bring all the decorations.
- Don't tailgate in the street before your tour.

### **Make Sure You..**

- Bring a cooler with ice, the bike has room for a full sized cooler.
- Make sure everyone knows to bring cups. We recommend sealable cups like a Nalgene bottle but red solo cups work too.
- Bring food and snacks.
- Don't forget the water in the cooler.
- Find out who has Pandora/Spotify Premium so you can avoid commercials and have them be the DJ using our auxiliary cord.
- Dress for the weather, we have plenty of storage space for belongings and snacks.
- Wear sneakers, exposed toes are dangerous, and we want to keep you safe.
- Tell everyone to bring cash. This helps to avoid opening up tabs at the bars because you are only in long enough for 1 drink. Also, to tip your driver. Organizers usually collect the tip pre tour when people pay them back and give it to the driver sometime before the end of the tour because it is chaos then.
- We take all the group photos on the organizers phone so make sure you have plenty of battery and memory so we can snap away and capture the memories.
- Start thinking about what you want to do after your tour. Trying to get people after a few drinks to agree on anything is hard, so figure out where you want to go ahead of time. Punch Bowl Social is at the start and stop location so this is great place to go. Make reservations if you plan to bowl.
- Have a safe ride home. Please use Uber and Lyft.
