## SELF-ASSEMBLY CRIMPER PACKAGES - BSP

### MC1001

Hose & Coupling Starter Kits

1/4" to 3/4" Hose Sizes

The Gates Self-Assembly system offers superior hose and couplings which are manufactured to rigorous tolerances. The self-assembly machine makes it quick and easy for you to produce the hose and coupling combinations you need. All this put together ensures the quality, performance and reliability that Gates is known for. The Gates Integrated System, enables you to have factory quality assemblies fully compliant to European Directives, legislation and international standards.
