Concha bowl

h

Small = Concha bowl height (h) less than 17/25 mm
 Medium = Concha bowl height (h) 17/25 mm
 Large = Concha bowl height (h) more than 17/25 mm

Installation

Basic

Customized Fit

After the initial installation, select the most suitable in-ear silicone gel or Memory Foam tip to get the best customized fit

Wearing

1 Secure the cable over ear

2 Insert the monitors slightly backwards & turn forward as shown. If using Surefire interface, lock the extended part in to the cymba-concha flap for a secure fit

3 Move the slider to the base of the back of the neck for a secure fit

MEMORY FOAM TIP INSTRUCTIONS

HOW TO INSTALL/USE

To install, firmly hold the Memory Foam tip between your thumb and forefinger. Place the sound port into the core of the tip at a slight angle. Once the tip engages onto the sound port, straighten out the tip and push the tip as far back as it will go.

Before inserting into the ear canal, roll the tip between your fingers to compress the foam. Insert the tip as deep as possible without irritating the ear. Hold in place for 15-30 seconds, allowing the tip to expand and conform to your ear canal. This will create a custom fit and perfect seal - providing an optimal audio experience.

HOW TO CLEAN

Using only water, gently wipe with a clean, damp cloth. Let the tips dry completely before use.

SPECIFICATIONS

Model	S6
Type	In-Ear Universal Fit
Transducer	Planar Magnetic
Magnets	Neodymium N50 (Front & Rear)
Frequency Response	10 - 44,000Hz
Impedance	18Ω @ 1kHz
Sensitivity	108dB
Connectors	MMCX Gen-2 (Micro Miniature Coaxial) connectors
Cable	Titanium Kevlar Mono-Crystalline Oxygen-Free Copper
Length	1.2M (4.0ft)

WARNING:

HEARING LOSS IS IRREVERSIBLE. LISTENING AT HIGH VOLUME LEVELS FOR EXTENDED PERIODS CAN CAUSE PERMANENT HEARING DAMAGE. ALWAYS LISTEN AT A REASONABLE AUDIO LEVEL TO AVOID HEARING DAMAGE. DO NOT USE THESE IN-EAR MONITORS IN ANY ENVIRONMENTS WHICH REQUIRE YOUR ATTENTION SUCH AS TRAFFIC OR OPERATING MACHINERY. THIS PRODUCT DOES NOT CONTAIN ANY USER SERVICEABLE PARTS. ANY MODIFICATIONS AND/OR TAMPERING WITH THE PRODUCT AND/OR PROVIDED ACCESSORIES WILL VOID THE WARRANTY.
