Welcome to Avasa Home.

Summer 2022 is here and we are proud to bring new products, celebrate our classics, and help create those beautiful custom looks that can only be brought to you by Avasa Home.

With the new season comes new optimism for good health, successful business endeavors, and bright days ahead. Our focus continues to be on using natural materials, creating beautiful designs and crafting custom made products for our customers. Avasa Home is proud to be operating in our seventh year in business and we look forward to collaborating with you and all of your clients for many years to come.

Summer 2022 brings a new collection of decorative pillows and throws, updated duvet styles, and our classic sheets, quilts, matelasses, coverlets, box spring covers and so much more that we think that you will love.

We continue to design with a neutral palette, focusing on custom details and quality fabrics. Our heritage of 'casual luxury' continues and we hope that you will shop and enjoy all that is Avasa Home.

Cheers -

What fabrics should I choose?

The Avasa collection uses only natural fabrics. Our duvet covers are crafted at the highest standards from the finest Belgian linen and crisp cotton percales. Our sheet sets are made from 100% cotton percale with textured and embellished highlights and cuffs. Our quilts are made from 100% cotton velvet or 100% silk, filled with a medium weight cotton batting for a softer feel.

Organic Cotton:

is cotton grown from non-genetically modified plants, that is, grown without the use of any synthetic agricultural chemicals such as fertilizers or pesticides. Its production also promotes and enhances biodiversity and biological cycles.

Silk:

is a natural fiber, produced by silkworms to form their cocoons. The shimmering appearance of silk is due to the triangular prism-like structure of the silk fiber.

Velvet:

is woven on a special loom that weaves two thicknesses of the material at the same time. The two pieces are then cut apart to create the raised fabric effect.

Cotton Linen:

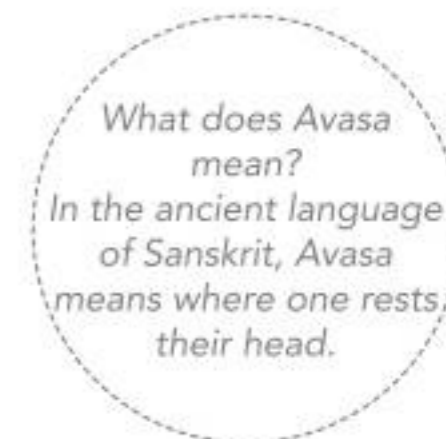

is a blend of cotton and linen with as much as a 50/50 blend. Usually, the warp or the length of the fabric is linen and the weft or the width of the fabric is cotton.

Percale:

is a closely woven plain-weave fabric often used for home textiles. Percale has a thread count of about 200 or higher and is noticeably tighter than the standard weave used for bedsheets. It has medium weight, is firm and smooth with no gloss; it washes very well.

Linen:

is a textile made from the fibers of the flax plant. Linen is very absorbent and textiles made of linen are valued for their exceptional coolness and freshness.

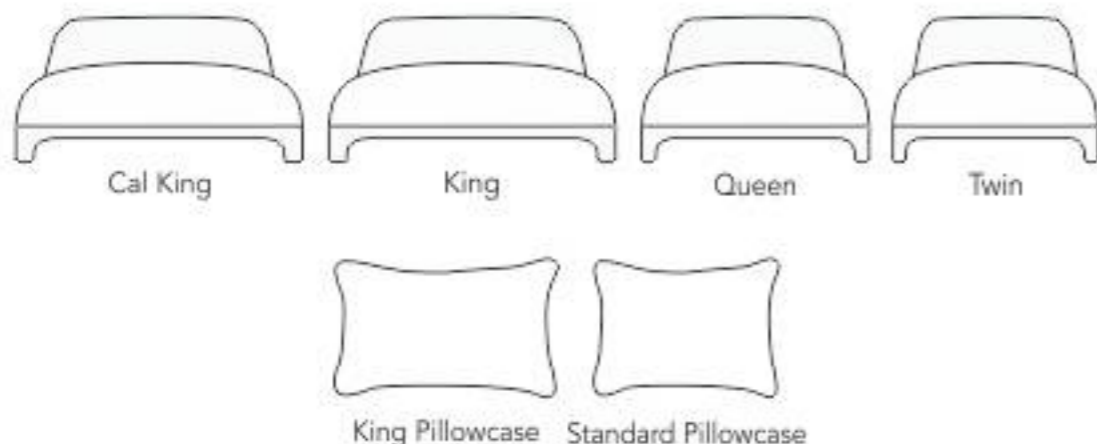

Sheet Sets

Avasa sheet sets are available in a variety of natural fabrics with embroidery and detailing to match any style. Fabric bases include linen, cotton linen, cotton percale and cotton sateen. All sheets are sold as sets and pairs of extra pillowcases are also available.

Bed Skirts & Box Spring Covers

Avasa bed skirts offer a touch of design while masking what you may want to hide under the bed.

Box spring covers are a simple solution when you want to hide the box spring but let the bed frame shine. Each box spring cover is 10 inches deep.

Bed skirts are constructed in three separate panels that can be pinned or tucked to suit the specific bed. Each bed skirt panel is 18 inches high.

Wash Care for Avasa Bedding

Machine wash in cold or room temperature water. Use a mild detergent. Avoid detergents that contain bleach, ammonia or other harsh chemicals, as they may cause discoloration.

Tumble dry on low heat. We recommend that you remove the products from the dryer before everything is bone dry. Line drying your bedding is an environmentally friendly option.

If needed, iron on a medium setting. Do not iron while wet or damp.

Silk quilts, quilted shams and pillows must be dry cleaned.

About us

Avasa is a home furnishing brand with a focus on natural, sustainable, organic fabrics. Avasa evokes a feeling of comfort and style with rich fabrics and unique designs. We are passionate about giving our customers the finest in hand crafted, luxury linens. We define our style as Casual Luxury.

With an attention to detail and a commitment to the environment and the social advancement of the artisans and workers involved, Avasa focuses on sustainable and washable fabrics. We ensure our goods are manufactured in socially compliant work spaces committed to fair labor and trade practices. Avasa Home was created in 2015 by Abi + Joanna Sood.

Abi Sood, Founder + Creative Director

Abi was born and raised around the textile business. His family's sourcing business has been operating out of India since the 1960s, sourcing products from all over south Asia and offering them to the world. After joining the family business for a short time in the 1990s, Abi decided to break off on his own and started manufacturing home textiles. With almost 20 years of experience under his belt, the idea for Avasa was born in 2014. With a keen eye for design, a deep knowledge of the handicrafts available in the region and the technical understanding of the production process, Abi launched Avasa to offer his take on the new global village.

Abi is the lead designer of the Avasa collection and oversees manufacturing and private label projects.

Joanna Sood, CEO

Instead of growing up around the textile business, Joanna married into it! After a career in the insurance industry in the US, she jumped in to help Abi when Avasa started to grow.

Joanna oversees the fulfillment team, works closely with the Avasa sales reps and just generally tries to keep everyone organized!
