What's new for summer, you ask? Bold color! The new colors in our collection- **Jade Green, Ocean Blue and Wine**- compliment our existing palette and add a rich and luxurious touch. We were inspired by the fashion trends we are seeing in apparel right now- jewel colored velvet, bright silks and pops of metallic foiling.

The **Everly** and **Arianna** duvet collections in our linen-cotton blended fabric offer a clean look for the master bedroom. We've also introduced a new collection of lightweight, cotton blankets this season. The **Ryan, Athena** and **Julia** blankets add texture and detail and are a great layering piece in warmer climates and come in our newer palette as well.

Our travel this year included trips to Vienna, Austria, Udaipur, India and Koh Samui, Thailand. The opulence and vibrant colors seen in the palaces of Vienna and Austria influenced our new pillow collections. Silk, metallic-foiled velvet and dori embroidery in bold colors create a statement piece on any bed. Look for our new, oversized **Body Pillows** in these collections.

Wash Care

Use a mild detergent and avoid detergents that contain bleach, ammonia or chemicals as they may cause discoloration.

We recommend that you remove the products from the dryer before everything is bone dry. You know your dryer best, so you are the best judge of when to pull the products out for the best results.

Line drying your bedding is an environmentally friendly option.

If the bedding is slightly damp, you can simply let the goods air-dry a bit before layering everything back on the bed or, if needed, use a light iron.
