

TWO WORLDS COLLIDE

Modified Wax Giclees

TWO Worlds Collide - Modified Wax Giclees

Two Worlds Collide is the stable amalgamation of mixed media art and encaustic art. Master mixed media artist Christina Lovisa has developed methods taught through her program TWC to ensure that stable merger. Through mini projects, materials and techniques are explored and amazing projects are the result!

This modified Giclees under Wax workshop uses prints of your own art, modified with different "subject matter" then transitioned into encaustic pieces.

Beginner - Advanced

Materials List (www.acuratednest.com)

- ▶ Wood panels (I used 5"x5")
- ▶ ModPodge/Glue Stick/Wallpaper paste
- ▶ Tools: brushes, knife/scissors, sandpaper/sanding block/baby wipes, scraper/plastic card
- ▶ Encaustic Medium Pellets+Encaustic Iron/Ski waxing Iron
- ▶ Colour prints on bond paper (regular weight paper) of your art (laser or inkjet is fine).
- ▶ Chalk paints in assorted colours.
- ▶ Subject matter images; these are prints of **full figure** elements that can be cut out - above is diver and goose.
- ▶ Optional; Fine collage, tissue paper and napkins, book text etc...
