

TWO WORLDS COLLIDE

Encaustic Tiles/Magnets

TWO Worlds Collide - Encaustic Tiles/Magnet Art

Two Worlds Collide is the stable amalgamation of mixed media art and encaustic art. Master mixed media artist Christina Lovisa has developed methods taught through her program TWC to ensure that stable merger. Through mini projects, materials and techniques are explored and amazing projects are the result!

This encaustic tile/magnet project is super fun and productive! Make dozens of tiles in no time and learn fine collage and waxing techniques.

Beginner - Advanced
