DEMANDING SKIN

- **Moisturizing and moisture-binding**
- **Smooths the epidermis**
- **Increases resilience and elasticity**
- **Stimulates the natural skin functions**
- **Visible improvement of the skin structure**
- **Reduces initial wrinkles**
- **Combats premature skin aging**
- **Leaves the skin feeling soft and supple**

Home care application

Massage Lifting & Recovery Cream gently in the morning and/or evening after skin cleansing.

Tip: Preferably apply in the evening as a supplement to Rich Nutrient Skin Refiner.

Recommendation: Face Guard combats premature skin aging with effective light protection. To achieve this, always apply the extremely light lotion beneath Lifting & Recovery Cream during the day.

ACTIVE SUBSTANCES

- **Oat extract:** Noticeably lifts the skin
- **Yeast extract:** Stimulates the synthesis of anchor proteins in the dermal-epidermal connective layer and therefore reduces the volume and depth of wrinkles
- **Vitamin A palmitate:** Promotes regeneration of the epidermis, improves the skin structure
- **Saccharide isomerate:** Mixture of various sugars produced from plant-based glucose which bind firmly to the skin's creatine and ensure a long-lasting increase in the skin's moisture
- **Hyaluronic acid (long- and short-chain):** Immediately noticeable skin smoothing and increased skin moisture; reduces wrinkles caused by dryness
- **Isostearyl isostearate:** Shortened to ISIS, fortifies the hydrolipidic barrier
