

1265-Garden Bag

How to make the handles

Iron 5" x 32" fusible interfacing to the wrong side of 5" x 32" handle fabrics.

Fold handle in half the long way, wrong sides together.

Press to form a center crease.

Open handle, then fold outside edges to center line. Press.

Fold in half again so the folded edges from previous step are together.

Press and pin in place. Sew close to edge, taking care to catch the fabric.

Sew down opposite side.

Sew additional seams for a decorative effect
