LFD: All Poles
View from interior

LFD: Short Poles
View from interior

Poles (on exterior)

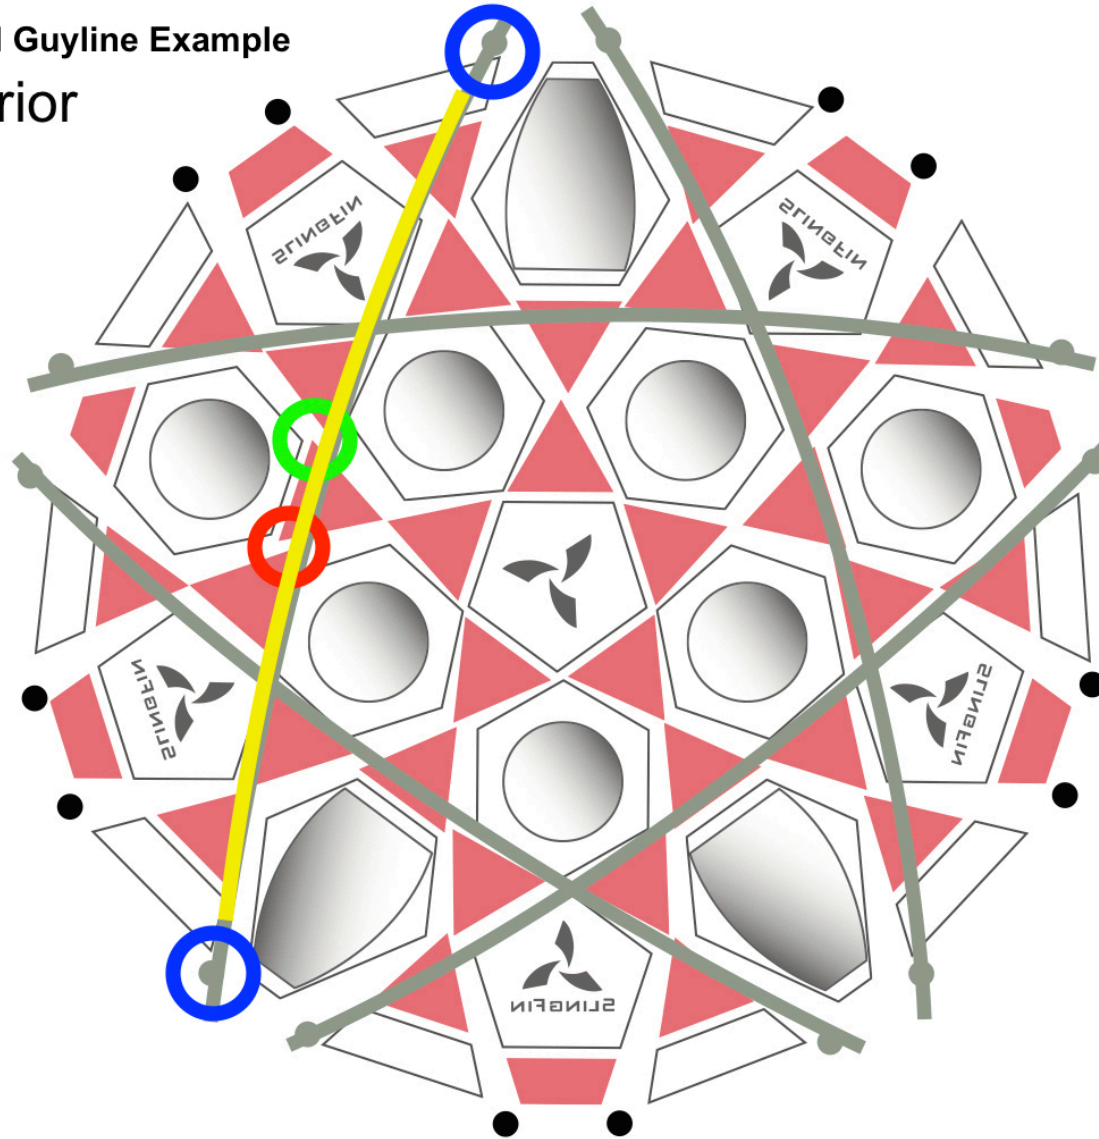

LFD Short Pole Internal Guyline Example

View from interior

-  = girth hitch
-  = run cord through o-ring
-  = attach to floor o-ring
-  = cord

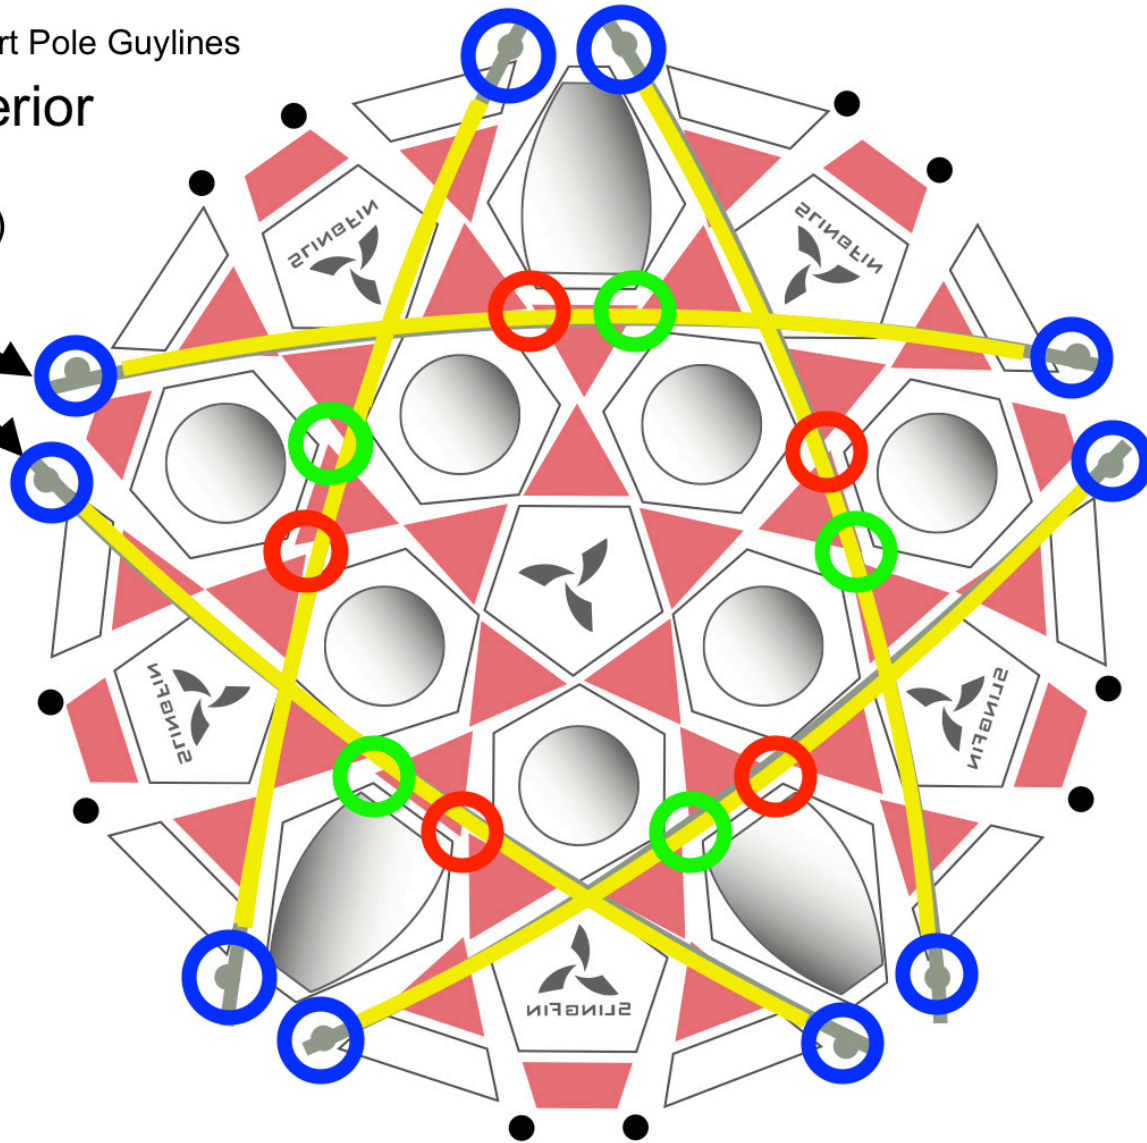

LFD/Kahiltna Dome Short Pole Guylines

View from interior

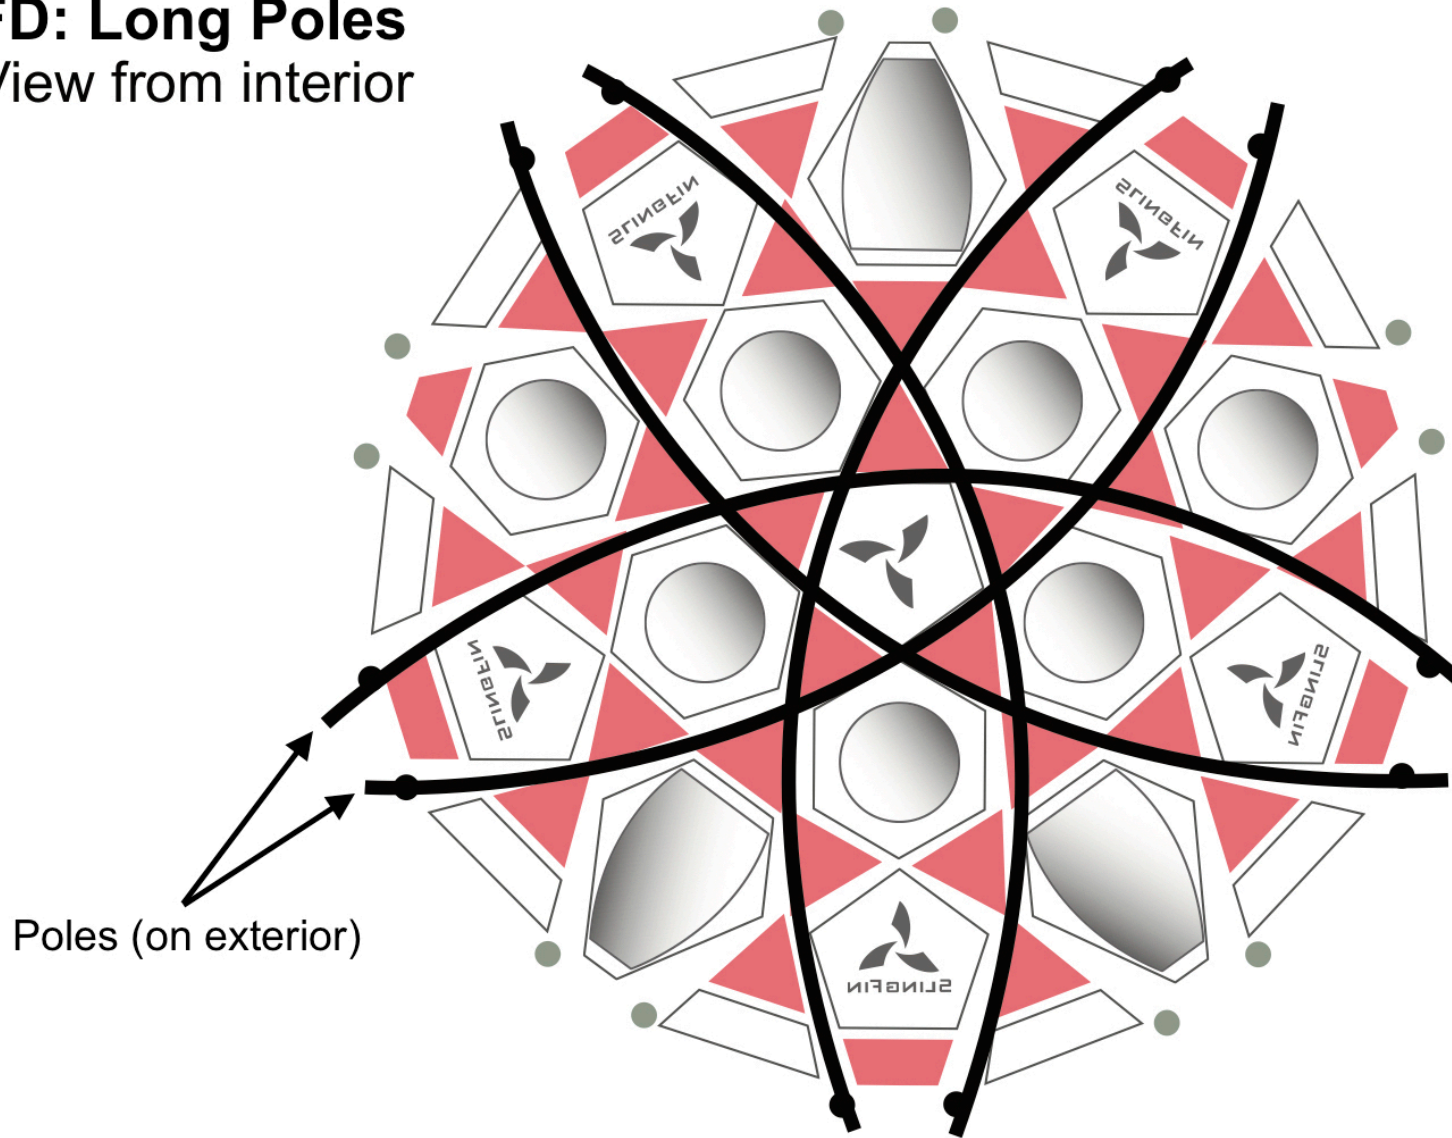

Poles (on exterior)

-  = girth hitch
-  = run cord through o-ring
-  = attach to floor o-ring
-  = cord

LFD: Long Poles

View from interior

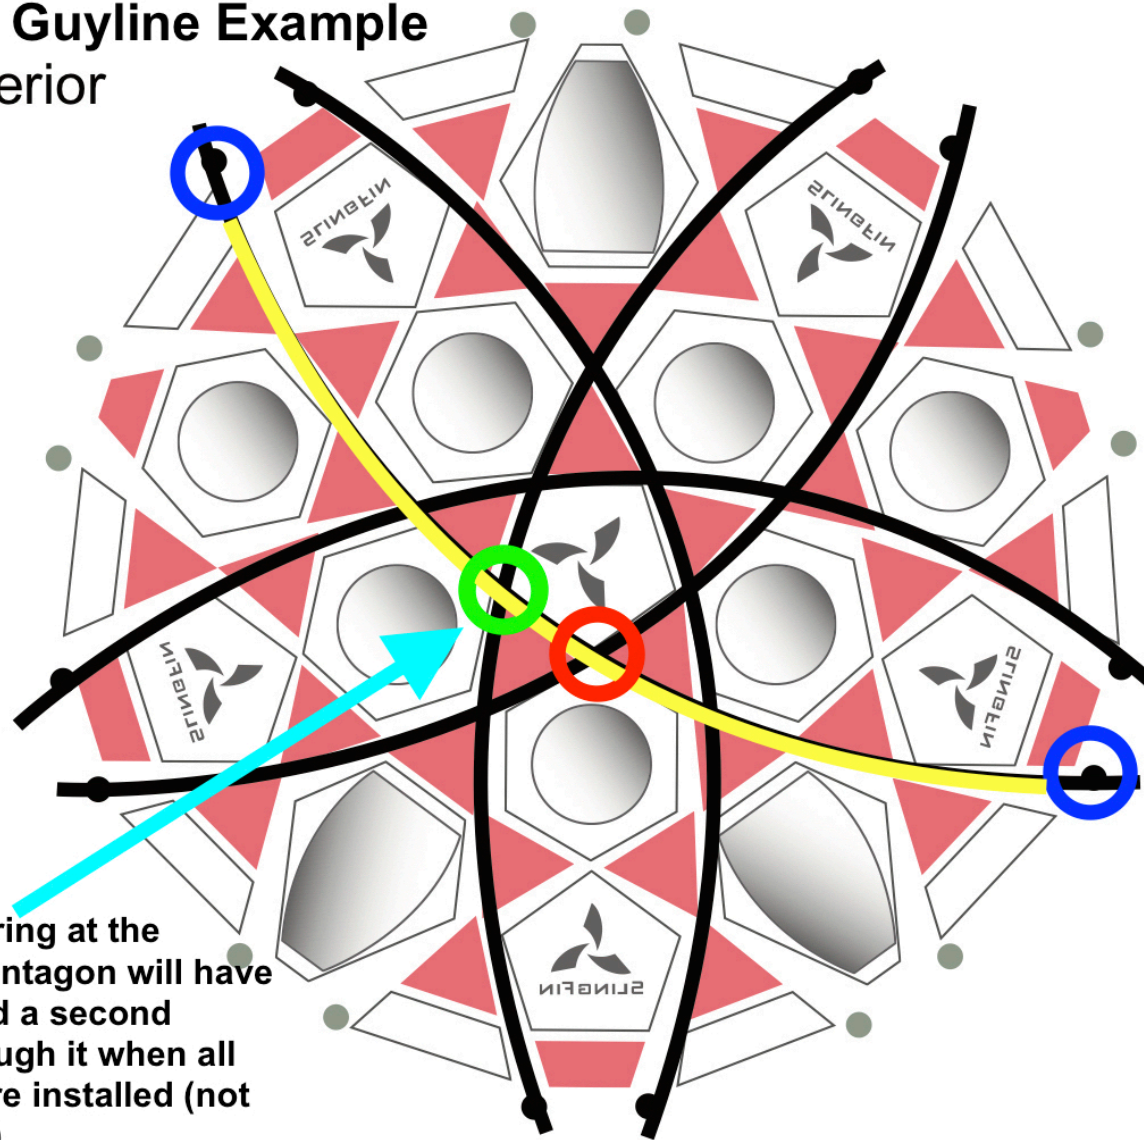

LFD Long Pole Guyline Example

View from interior

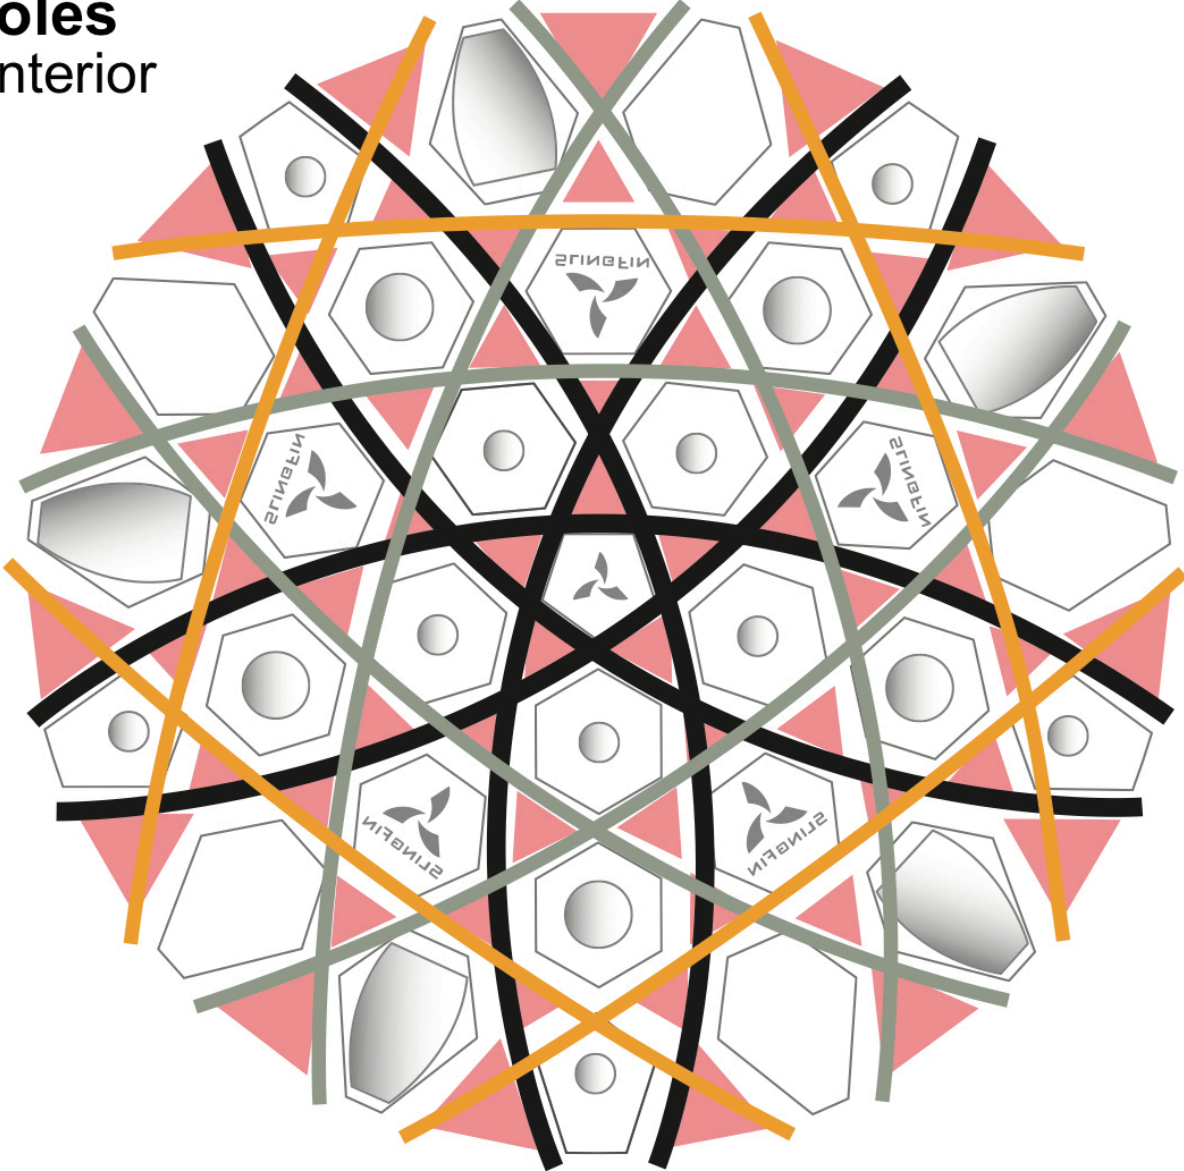

-  = girth hitch
-  = run cord through o-ring
-  = attach to floor o-ring
-  = cord

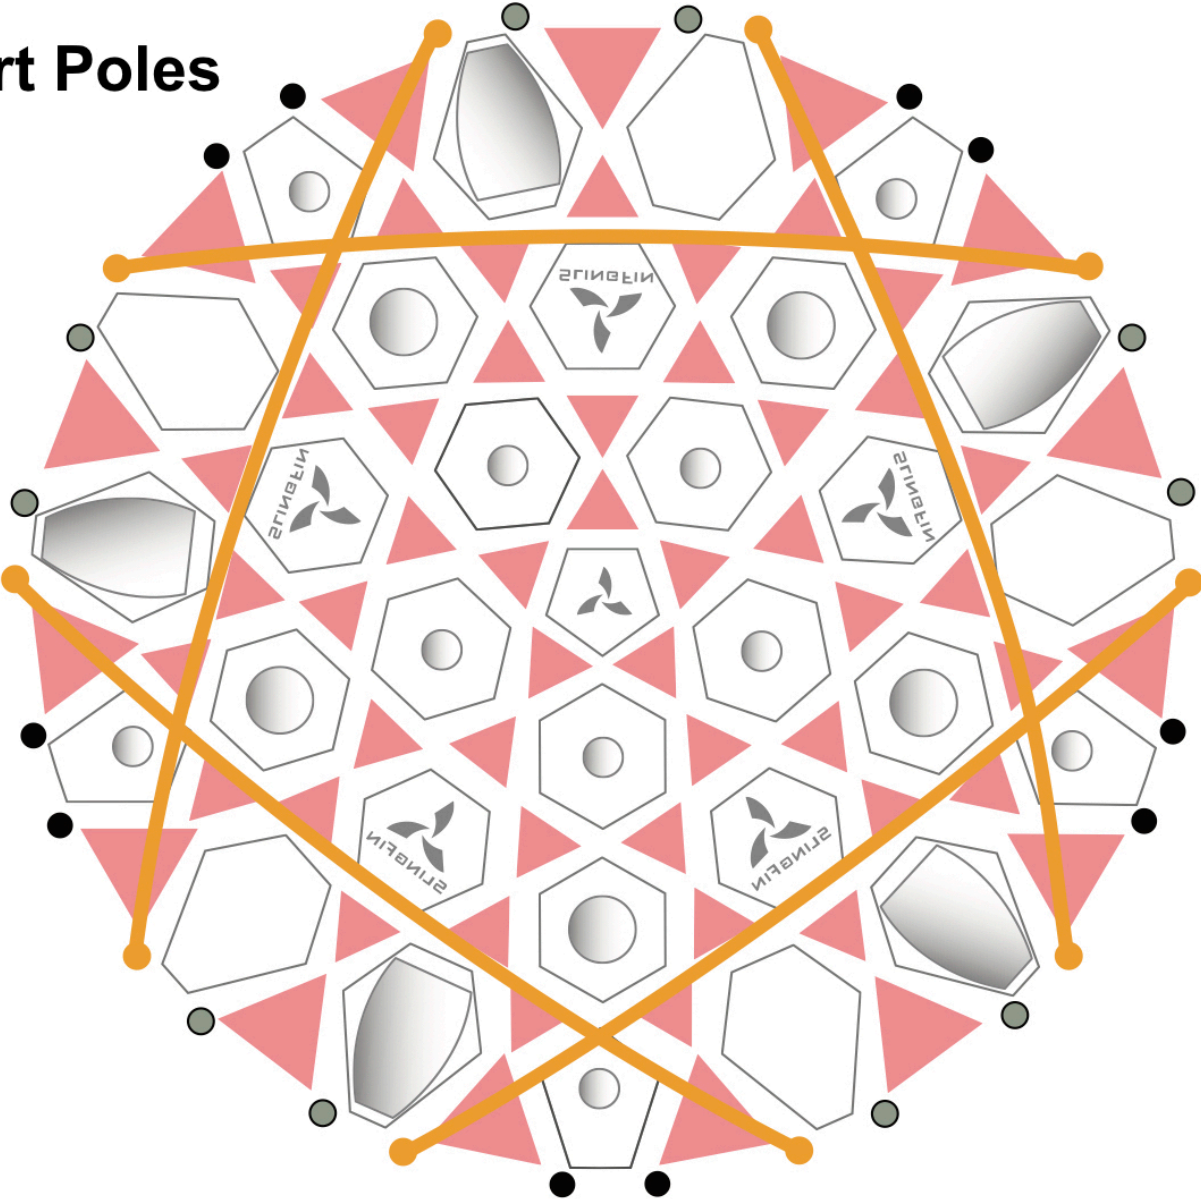

Please note every o-ring at the corners of the top pentagon will have both a girth hitch and a second guyline running through it when all long pole guylines are installed (not shown for simplicity)
