- Short Poles (S)

Long Poles (L)
outline SlingFin logos

LFD set up

Expand the tent body and install the pole ends;
Long Poles into grommet straps marked (L)

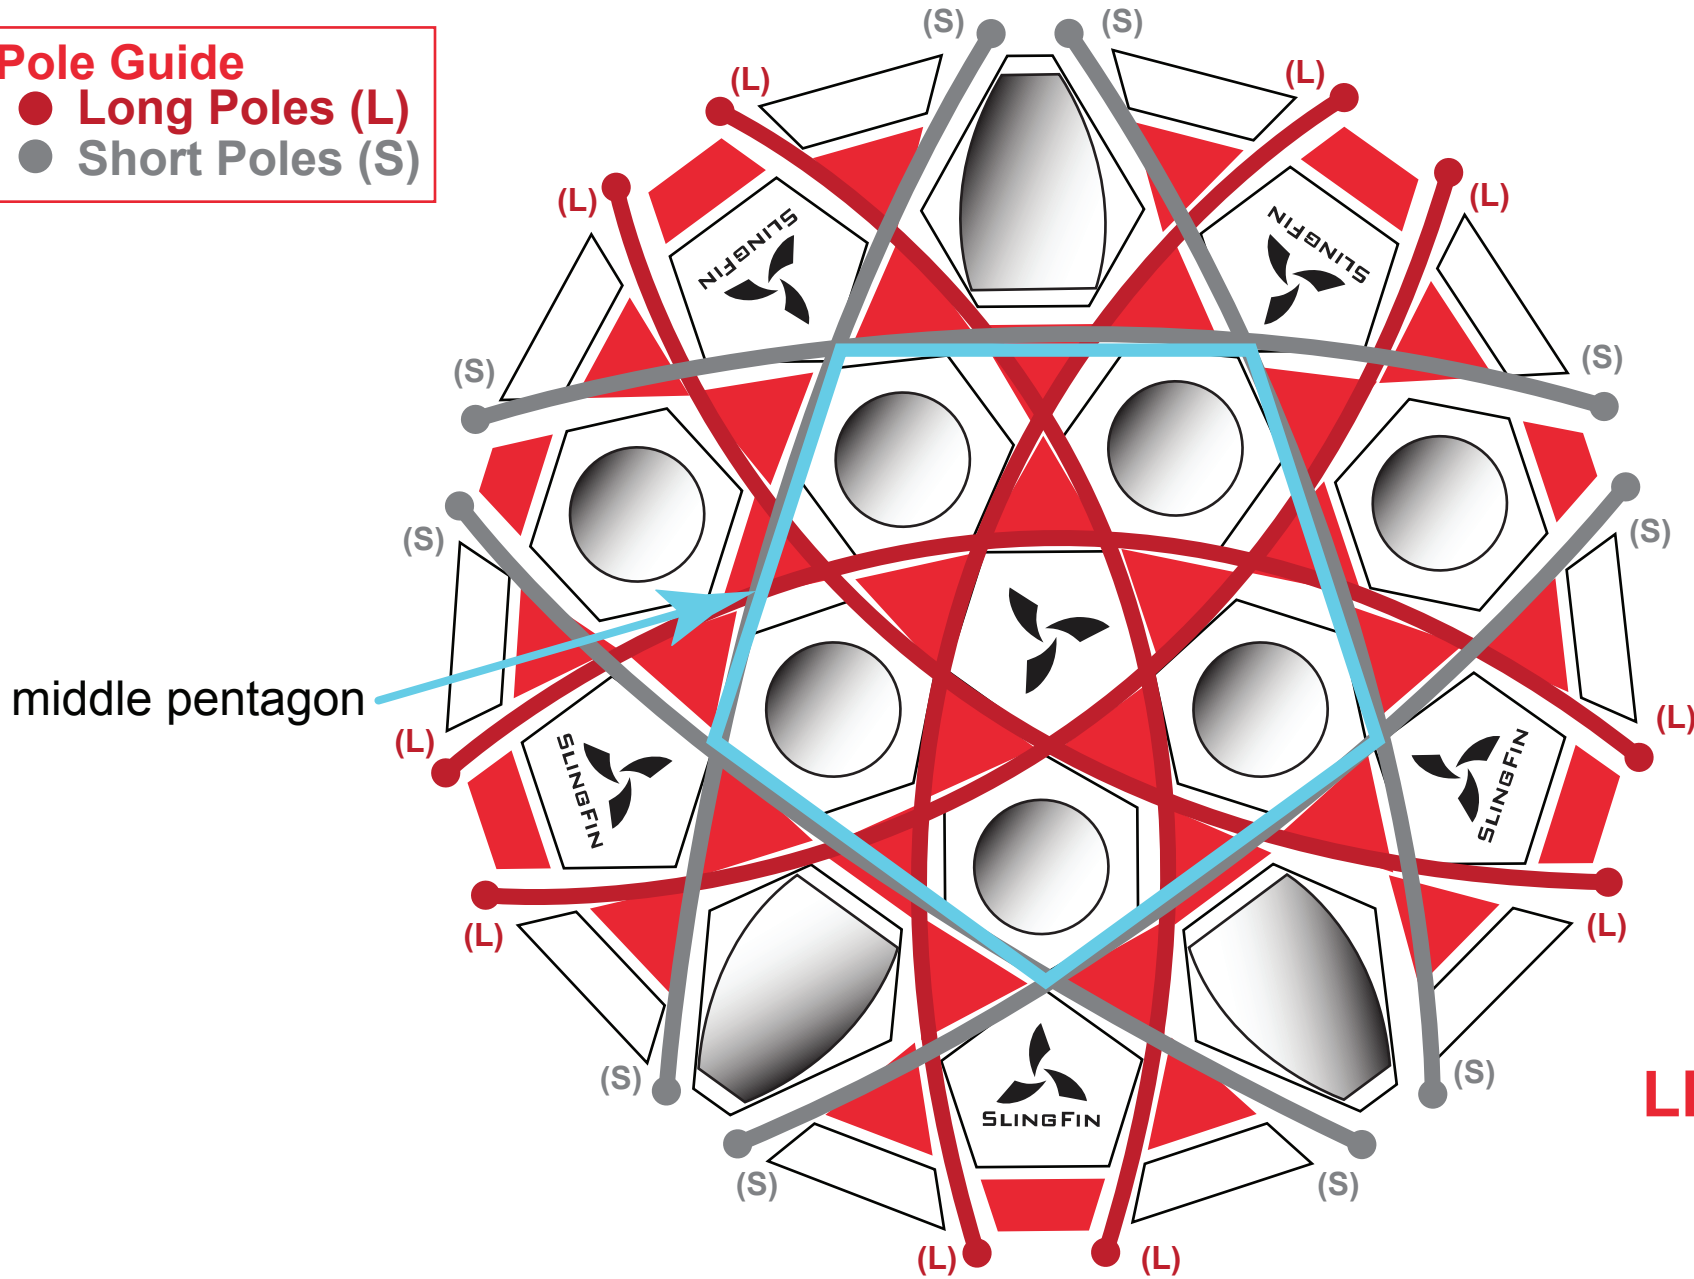

LFD set up

Have one or more people stand inside the tent body and push out to expand the tent, while people on the outside of the tent insert the pole ends into the proper grommet straps (marked accordingly)

Pole Guide

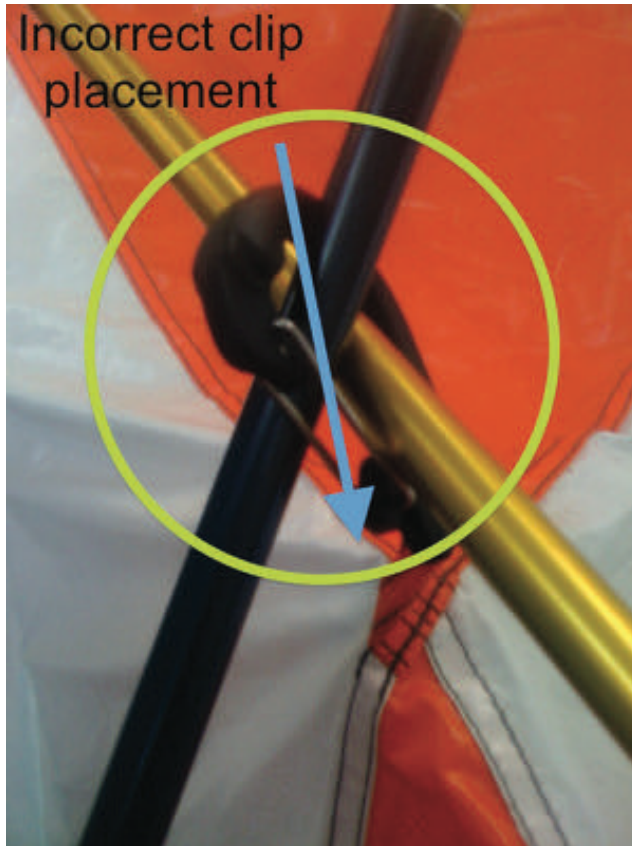

- Long Poles (L)
- Short Poles (S)

LFD set up

Assemble the 5 Short Poles (S) and install the pole ends into grommet straps marked (S). The poles should border the middle pentagon.

LFD set up

Make sure clip alignment is correct.
