EVERY GARMENT BUILT TO LAST

We are a company of people committed to our trade: striving to manufacture the best apron possible. We have consistently produced long lasting American-made aprons, cobblers, vests and chef coats built to endure the toughest of work environments.

AMERICAN-MADE, THROUGH AND THROUGH

Intent on quality control, we keep every step of our manufacturing process in our line of sight. Most of our fabric is woven in Alto, Georgia and finished in Trion, Georgia using U.S. polyester and U.S. cotton. Our thread comes from the Carolinas, our labels are woven in Tennessee and the majority of our plastic components are produced in Georgia as well. Our label says “Made in the USA” and we are intentional about maintaining the integrity of that claim.

THOUGHTFULLY SEWN. LONG-LASTING.

In the kitchen, aprons are armor and stains are battle scars. Our soil-release finish gently nudges stains to release when washed. Steadfast colors, reinforced stress points and American-made polyester/cotton twill allow each apron to stand up to the stress of the kitchen.

MADE FOR YOU

We are happy to create custom aprons, cobblers, vests, or chef coats per your specifications in the same top quality you expect from DayStar.

We manufacture custom garments in multiples of 40 pieces per style, color, and size. Custom orders take about seven to ten business days to produce and are non-refundable. They may incur a 10% overage or shortage. With larger orders, custom colors may be available. Due to our commitment to quality, we can only take on a finite amount of custom work.

EMBROIDERED IN-HOUSE

We can embroider any garment upon your request with a company name or logo. Our embroidery service requires a 36-piece minimum per color, per style.

We recommend original artwork for a clean, crisp and professional look. Once you provide your artwork, we will digitize the file and present you with a sample item to approve before we complete your order.

**WE ARE OBSESSED

BEST APRON
