

# BK12 | INDOOR OUTDOOR

## BODIL KJÆR

CARL HANSEN & SØN

### DESCRIPTION

When Bodil Kjær launched her Indoor-Outdoor Series in 1959, she included the supremely comfortable BK12 lounge sofa. The sofa displays the same geometric sensibility as the rest of the collection. Conceived as an architectural element, with proportions designed accordingly, the BK12 lounge sofa is suitable for indoor and outdoor use.

### DESIGNER

Bodil Kjær (born in 1932), as a furniture designer, views furniture construction from a purely technical perspective, interplayed with modern architecture and created for people. She always considers context and has collaborated with different professions in her desire to optimize physical settings.
