### Important Notes:

- SRM PowerMeters/PowerControls must be sent to trainSharp at the above address using secure recorded delivery.
- trainSharp recommends items are insured for posting.
- Please ensure components are **clean** before shipping.
- PowerMeters should be sent with chainrings on and the pedal off – we do not require the left crank arm.
- If your SRM is beyond economical repair trainSharp reserve the right to charge a £40.00 inspection fee.
