Zero Clearance			x	x	x	x	x	For Storage/Platform Bedframes: Adds personalized comfort without having to sacrifice your existing furniture. The articulating arms do not pass the bottom of the frame Legs not included; sold separately BEDFRAME REQUIREMENTS: Verify with the bedframe manufacture if the bedframe is compatible and can support the combined weight of the mattress(es), consumer(s) and SBKDZ Adjustable Base(s). Verify if the bedframe is suitable to hold the SBKDZ adjustable base securely; ensure the base will not shift or fall off the bedframe. Ensure the bedframe has a center support rail with supportive feet and slats with no more than 4" gaps between each slat and/or a solid flat surface. Ensure the bedframe has support on all 4 corners. The base glides backward towards the wall as the base inclines keeping you conveniently within arms' reach of the nightstand. At full articulation, the head of the base will be 8-12" from the wall.
