DESIGN INTENT

With great intent, our latest range has been designed with the commercial market in mind.

We believe our latest range encompasses the latest in design, material, durability, environmental sustainability and options.

What makes our outdoor range so great and unique is the quality of product, the materials they are made with and the variety of options.

Each product family offers a magnitude of varieties. We designed the range to feature matching chairs, stools, tables, loungers, and more.

We truly believe this is our greatest addition of outdoor furniture, yet.

brighton

The Brighton range encapsulates the true essence of the outside, combining alluringly sweet lines and unassuming curves with a raw, natural textured finish.

A complete range of chairs, armchairs, stools, tables and lounge chairs, the Brighton's lightweight, aluminium and ergonomic design work in harmony to bring comfort and style to the outdoors.

Technical Specifications

Textile

Cushion upholstered with polyurethane foam and covered with waterproof fabric. Designed to add an element of design and comfort to your Zaneti product.

100% Acrylic Teflon, 10,000 cycles, Martindale, 7-8, scale 1-8 (EN ISO 105-B02) Light Fastness

Water Resistant
A unique bonding process allows for Zaneti fabric to be completely water resistant. The canvas will ensure protection as well as beautiful and stylish design to complement your Zaneti piece.

UV and Fade Resistant
Traditional dyeing processes only leave colour on the surface of fiber, so they easily fade. Zaneti fibers are saturated to the core with highly UV-stable pigments, making Zaneti fabrics resistant to fading and the degrading effects of weather.

Mold and Mildew Resistant
All Zaneti fabrics are engineered to resist mold and mildew. Should exposure to dirt and debris cause mold and mildew to occur, all Zaneti fabrics can be easily and safely cleaned with bleach.

Soft Fabric
Zaneti acrylic canvas fabrics are unparalleled in quality when exposed to outdoor elements. The Zaneti cushions are soft and inviting as they are durable.

Breathable Fabric
Unlike some fabrics that trap heat in, Zaneti fabrics allow air to pass through, creating a comfortable sitting experience for all.
