

## Request for Return Authorisation

You must submit this form prior to returning any products to Turbo Master Australia. We do not accept the return of any goods without prior approval.

To be eligible for return, your product must be unused and in the same condition you received it. Your returned item must be fit for resale, i.e. in the original packaging and including all supplied components, e.g. gaskets, fittings, paperwork. Products that have been installed will not be accepted for return.

If the original packaging is damaged, we will charge a repackaging fee. A 20% restocking fee will be charged on incorrectly ordered turbochargers.

For full details, please refer to our Shipping and Returns policy.
