**Buder**<sup>®</sup>

### **BUDER**

Buder is the Manufacturer of Premium Alkaline Water Ionizers designed in Japan by **Kyushu Hitachi Maxell Ltd.** Buder Electric Appliance Co. Ltd. was founded in 1970 with an ideology of maintaining integrity as their primary Marketing Technique. For More Than 48 Years, Buder Has Been Continuously Innovating The Most Energy Efficient And Environment Friendly Alkaline Water Purification Systems with unparalleled customer service and quality.

#### **Alkaline Ionized Water**

Alkaline Ionized Water has pH greater than 7 and contains a high concentration of Healthy Mineral Ions and Dissolved Oxygen. The natural pH of Human Blood is approximately 7.4 which is Alkaline, and drinking Alkaline Ionized Water improves and maintains the pH balance for efficient absorption of oxygen and water in our cells. Alkaline Ionized Water is also Microclustered, which means that the size of Water Molecule clusters are smaller than ordinary water and thus help in hydrating us more effectively. Alkaline Ionized Water contains Millions Of Antioxidant Molecules that Detoxify Your Body and Balance The pH In Your Body. Clinical Studies have shown that Antioxidants can help in slowing the process of aging and Revitalize your Immune System.
