

ABOUT US

OURSTORY

Mybooster has been established with a vision to promote Health Awareness in a Nation where almost every Food Product is contaminated with pollutants and adulterants, including Drinking Water. This is leading to massive Nutritional deficiencies and latent diseases that have taken the form of a ticking time bomb, waiting to cause a Health crisis disaster at the National Level.

Mybooster's aim is to promote Healthy living through the use of its Premium Quality Healthcare and Nutritional Products that are designed to combat the onslaught of Adulteration in India

OURMISSIONSTATEMENT

Mybooster's Mission is to Promote Healthy living in India by conducting Awareness Campaigns and seminars fueled by the sale of a unique Selection of Globally renowned Products. The lack of healthy drinking water is one of India's most alarming problems and Mybooster aims to tackle this issue right at the source, by employing a grassroots method to redefine Healthy Water.

OURPROCESS

At Mybooster, We believe that a true change can only be achieved when the approach is bottom-up. Mybooster Associates put in work at the grass roots level and inculcate community building as the cornerstone of overall development.

OURCULTURE

Mybooster's culture emphasizes Integrity as a vital driver for success. People work hard and strive for excellence to be able to lead lives full of meaning and service to their community, all of which is impossible without Integrity at the core of our guiding principle.
