

RASPS

Available from VICTORY®

BELLOTA RASPS

Four Styles:

- Classic – The smooth cut of the Classic file side is the best choice for a smooth finish.
- Top Sharp – The aggressive design of the file side on the Top Sharp lets you get in and get out with maximum results.
- Razor – Like its name implies, the rasp side of the Razor offers an extreme cut when compared to other Bellota rasps, while the file side is also coarser.
- Raptor – The extra width of this rasp provides a greater cutting surface. The Raptor features a maximum cut on the rasp side; with a coarse cut on the file side.

BASSOLI RASPS

Two Styles:

- File on one side with rasp on other side = 14" (350 mm) Farrier rasp
- Rasp on both sides (no file side) = 14" (350 mm) DOPPIA (Double sided) rasp

SAVE-EDGE

Three Styles:

- 14" Horse Rasp – The Save Edge 14" rasp has been the industry standard for many years. It is famous because of unmatched sharpness and longevity.
- 14" Beast Rasp – The "Beast" rasp allows the farrier to achieve a level hoof in fewer strokes!
- 17" Beast Rasp – The extra width of these rasps provides 35% more cutting surface!
