

TRUE FLITE

"The Original Blue Pad"

TRUE-FLITE shock absorbent pads stand apart from other hoof pad products because:

1. TRUE-FLITE pads are **consistent** – a specific formulation of ingredients is used to make our pads so that they perform–EVERY TIME!
2. TRUE-FLITE pads are **reliable** – won't crack or tear - even in extreme temperatures!
3. TRUE-FLITE pads are **economical** – farrier call-backs for service are unnecessary - positive results every time!

FLAT PAD

TYPE	COLOR	THICKNESS	DIMENSIONS
4	blue or black	1/8"	5-7/8" x 6-5/8"
DRP	blue or black	1/8"	6-5/8" x 7"

Lightweight enough for the racetrack and tough enough for the endurance ride. Reduces shock, will not cut at heels.

THINLINER

TYPE	COLOR	THICKNESS	DIMENSIONS
4	blue or black	3/32"	5-7/8" x 6-5/8"
DRP	blue or black	3/32"	6-5/8" x 7"

Most commonly used as a rim pad. Ultra light, yet tough enough and shock absorbing.

CUSHION HEEL

TYPE	COLOR	THICKNESS	DIMENSIONS
3	black	5/32" (1/4" raised heel section)	5-1/2" x 6-1/4"
4	black	5/32" (5/16" raised heel section)	5-7/8" x 6-5/8"

Originally designed for road horses and has been used for contracted heels, heel weight, trail riding and founder.

DEGREE PAD

TYPE	COLOR	DEGREE	THICKNESS	DIMENSIONS
3	black	2	1/16" at toe 9/32" at heel	5-1/8" x 6-1/4"
4	black	3	1/16" at toe 15/32" at heel	5-7/8" x 6-5/8"
5	black	2	1/16" at toe 1/4" at heel	6-9/16" x 6-13/16"

These pads are exact degree as noted and will not cut through at heels. Pads retain their shape and remain pliable even in the coldest temperatures. Use to raise or lower hoof angle.

ULTRA CUSHION

TYPE	COLOR	THICKNESS	DIMENSIONS
4	tan	5/32"	5-7/8" x 6-5/8"
DRP	tan	5/32"	6-5/8" x 7"

This pad is the ultimate in reducing shock without sacrificing durability and offers relief from extreme concussion on all surfaces.

CUSHION FROG PAD

TYPE	COLOR	THICKNESS	DIMENSIONS
4	frost	1/8" (7/16" raised frog section)	5-7/8" x 6-5/8"
