7. Pregnant women and menstrual period are not recommended to use the massager. If you need to use it, please follow the doctor's advice.
8. When storing the product, please pay attention to placing it in a place where children are not easy to reach.
9. Children under the age of 8 are prohibited from using it, and children aged 8-12 must use it under the guidance and care of their parents or someone with supervisory ability.
10. Do not scratch or stab this product with sharp objects.

24

- EN**
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
 - Children should be supervised to ensure that they do not play with the appliance.
 - It must only be supplied at safety extra low voltage corresponding to the marking on the appliance.

Caution

- This product is not a medical device, and not suitable for diagnosis, treatment and other commercial purposes.
- Before use, please remove the jewelry on the massaged part or other items that may affect the massage.
- During use, if there is pain or discomfort in the massage area, please stop using it.
- When using, if the product is abnormal, please shut down immediately, cut off the power supply and contact the customer service hotline, do not disassemble or repair by yourself.
- The massage area has a heating surface, people who are not sensitive to heat need to pay attention when using it.
- When using in other specific environments, please comply with safety regulations.

EN

Product Protection

- Please use the charging cable configured by our company to charge the product with a standard adapter, and pay attention to the safety of electricity use.
- Please keep this product away from water, fire and corrosive environment.

Necessary Knowledge

*About frequency of use

- Use as needed, within 10 minutes at a time. It is recommended to take a proper rest before use after one use.
- If overused, it may cause physical discomfort and skin injury.
- Therefore, when you use it for the first time, you need to observe your physical condition and skin changes, and try to shorten the use time as much as possible.

*Cautions Before Use

- When using this product, please take a personal comfortable posture and completely relax your body.
- If you feel pain or discomfort on the skin, please stop using it and seek medical attention immediately.

*State After Use

After long-term massage, the massage area may feel red and hot while feeling comfortable, which is normal.

*Cleaning

If you need to clean the appearance, you can use a rag dipped in water or 75% alcohol to wipe the smooth surface, do not use water to rinse.
