Materials	Key facts	Thickness	Layer thickness	Density	In/outdoor	Water	UV colour fastness	Flame retarding
		inch	micron					
Hot dip galvanised steel frame	<ul style="list-style-type: none"> • Most durable method for protecting metal from rusting • Protective layer • Very long life span • 100% recyclable • Cradle to Cradle Certified™ 	0,07 - 0,23	50 - 100	0,47 ^{10³lb/ft³}	Outdoor & indoor	n.a.	Very good: galvanisation will however become less shiny when used outdoor	NEN-EN 13501-1 A1 *
Powder-coated aluminium shell	<ul style="list-style-type: none"> • A technique of applying dry paint to a part • Electrostatically charged and sprayed onto the object • Scratch-resistant 	0,07 - 0,15	50 - 100	0,16 ^{10³lb/ft³}	Outdoor & indoor	n.a.	Very good: colour can fade to some extent when exposed to UV	NEN-EN 13501-1 A2-sl **
Synthetic leather	<ul style="list-style-type: none"> • Nanoprofile protection • Can withstand extreme effects of weathering and stress • Longer lifespan • Easy to clean • Also used for deck furniture on yachts and motor boats 	0,04	n.a.	30,33 ^{oz/ft²}	Outdoor & indoor	The fabric has a water column of 1000mm (EN 20811)	7/8 (ISO 105-B02)	/
Indoor leather	<ul style="list-style-type: none"> • Available in different colours (for indoor use only) 	0,60	n.a.	/	Indoor	n.a.	/	BS 5852-5 ***
High pressure laminate table	<ul style="list-style-type: none"> • Manufactured under high pressure • Reinforced with wood fibres • Flat panel • High impact resistance • Easy to clean 	0,51	n.a.	0,08 ^{10³lb/ft³}	Outdoor & indoor	n.a.	>6 (EN438-2:27) en (ASTM G53-91)	/
Cover	<ul style="list-style-type: none"> • Polyester 	0,01	n.a.	14,10 ^{oz/ft²}	Outdoor & indoor	100% waterproof	6-8/8 (ISO 105-B02)	BS 7837

* NEN-EN13501-1 A1

Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.

** NEN-EN1501-1 A2

Satisfying the same criteria as class B for the SBI-test according to EN 13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and fire growth.

*** BS 5852-5:

The Cigarette & Match Tests BS 5852 are fire retardancy tests for residential upholstery. Source 5 = Crib. (Wooden crib or Crib 5)

Applications

Residential: the perfect family piece for your terrace, patio or courtyard. Indoor as well as outdoor.

Project: hotel and catering industry, terraces, public spaces, squares, event venues, schools, wellness, spa's, private dining corners, ...

Kosmos combines perfectly with Kosmos Parasol.

Instructions

To transform your Kosmos into a lounge bed, push the adjustable table downwards with your right hand, while squeezing the handle underneath the tabletop with your left hand.

To use the table, squeeze the handle underneath the table again, and pull up the table with your other hand.

Important

We strongly advise to acquire the cover for outdoor use (available for 8-seater & 3-seater). When applying the cover correctly, the parasol and cushions can be left outdoors in all weather conditions.

Awards

F.a.q.

Q: Is it for outdoors?

A: Yes, the synthetic leather has been developed especially for yachts. When you don't use the Kosmos, protect it with its cover.

Q: With how many people can you use it?

A: 7 - 9 people can sit and 3 - 5 can lie down.

Q: Is the parasol wind resistant?

A: The parasol withstands wind speeds up to 6 on the Beaufort scale. Put the parasol with its opening pointed at the wind direction. If there's too much wind, the parasol will close automatically. We advise to close the parasol and apply the cover from 4 Beaufort on.

Maintenance

Find maintenance instructions at the downloads section of extremis.com for:

SYNTHETIC LEATHER CUSHIONS

- Easy to clean with warm water and a microfibre cleaning cloth. Never use solvents, bleaching agents, abrasives, chemical detergents nor waxes. If the Kosmos is used outdoors, always cover it completely with the optional cover when you are not using it, as the cushions are not 100% waterproof for reasons of ventilation.

POWDER-COATED PARTS

- White powder-coating requires more maintenance obviously
- Cleaning stains with a magic eraser
