## Embroidery

Whether it's a sense of pride, for brand awareness, or functionality, we all understand the importance of wearing uniforms at work. Why not rubber stamp that by having your college logo embroidered onto your student or staff uniforms? All our embroidery is done in house and we do not charge any set up fees. Simply supply us with a jpeg image of your logo so we can provide a quote per item.

## Printing

Heat transfer printing is widely used as it creates a durable, heat resistant, adhesive and water-resistant design. Additionally, the colours created in the image can be bright and bold. Suitable for any graphical design we also offer metallic, glitter and glow in the dark vinyl options.

Simply email us your design ideas and we will provide a quote per item.

## ORDERING

## How to Order

The simplest way to order with Florence Roby is by official purchase order. We can accept these by email, fax or post direct from finance. Providing we have a purchase order number we will despatch all orders directly to college.

If you prefer your students to order directly with your suppliers then our mobile and tablet friendly website is the best place for them to do it. We will provide each of your courses with their own username and password. This gives your students access to their unique course kit and price.

If staff or students have any enquiries regarding special orders such as made to measure then contacting us directly to order is the best course of action. Our team can then assist with any queries and where appropriate will issue a pro forma invoice which is processed on receipt of payment.
