

FREEDOM+ SURF

DESIGNED IN PARTNERSHIP WITH OCEAN & EARTH

GET OUT THERE

"Shark Shield takes the wellbeing of sharks as seriously as the protection of humans. A win-win for surfers and sharks."

*Developed with World Champion
Surfer Tom Carroll*

- Tom Carroll

ADVENTURE AWAITS AND WHEN THE OCEAN CALLS, NOTHING CAN STOP YOU.

Shark Shield turns sharks away so you can experience more. Backed by two decades of scientific research, our non-evasive shark deterrent technology gives you the freedom to chase your passion.

Because nothing should get in the way of you and the ocean.

THE TECH

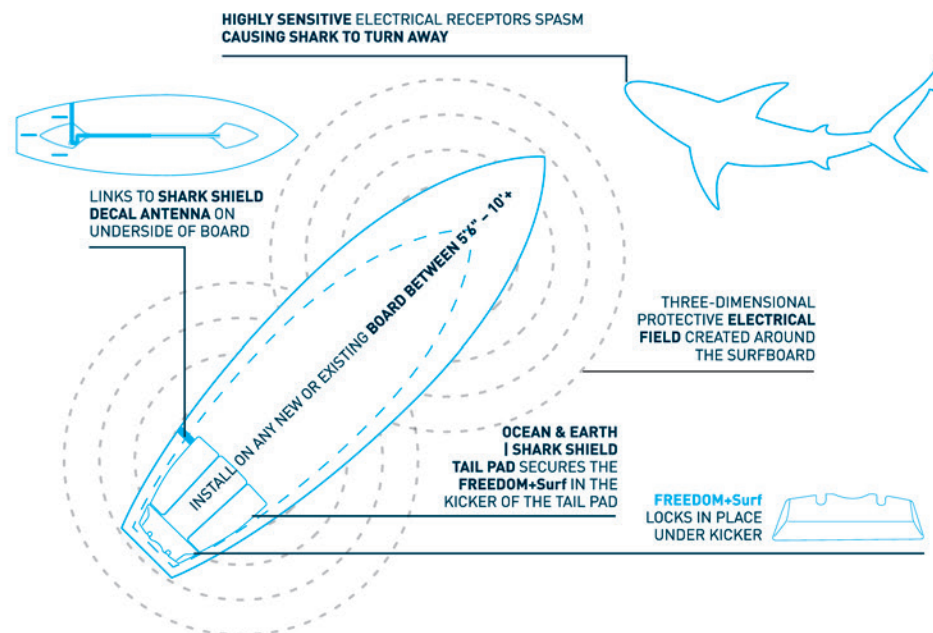

TURNS SHARKS AWAY.

Sharks have small short-range electrical receptors in their snouts used for finding food. Shark Shield's unique three-dimensional electrical waveform instantly turns sharks away by causing unbearable spasms in these sensitive receptors. Shark Shield devices have no known long term effects on sharks, and does not affect other ocean creatures.

SCIENTIFICALLY PROVEN TO TURN SHARKS AWAY.

Shark Shield is the world's only scientifically proven and independently tested electrical shark deterrent technology. In reviewing the most recent independent university research on the FREEDOM7 the Australia Geographic publication stated "Shark Shield is almost 100% per cent effective at deterring white sharks".

FOR PROFESSIONAL ADVENTURERS.

Trusted by professional adventurers around the world such as the US and Australian navies, police and Abalone divers, Shark Shield is a safety device providing peace of mind while supporting the conservation of sharks. If you're serious about adventure, you wear a Shark Shield.

INTRODUCING FREEDOM+ SURF

The **FREEDOM+ Surf** is the result of collaboration with **Ocean & Earth** and 2 x World Surfing Champion Tom Carroll. The removable power module with LED indication for power on/off and battery life, is housed in the custom designed **Ocean & Earth** tail pad kicker, enabling you to move the power module easily between your boards and for recharging. The all important antenna electrodes have been designed into a sticker thin adhesive decal applied to the underside of the surfboard. With a weight of just 250 grams and a near zero drag adhesive decal antenna (only 500 microns thin), there is no impact on your surfing performance.

FREEDOM+ SURF

- **Fully integrated solution** means no impact on surfing performance
- **Twenty years** of technology scientifically proven to turn sharks away
- **Near zero** drag sticker thin adhesive decal antenna 500 microns thin
- **Easy to install** on new or existing surfboards between 5'6" to 10'+
- **Removable power module** fully transferable between surfboards
- **LED indicator** for both power on/off and battery life
- **Rechargeable long battery life** of 5-6 hours, with fast 2 hour re-charge time
- **Charging Dock** with international adapter options included
- **Optional 12v DC car and boat charger** available
- **12 Month Warranty** on removable power module

**"A WIN-WIN
FOR SHARKS
AND SURFERS"**

OCEAN & EARTH TAIL PAD / DECAL

Fit the custom Ocean & Earth Tail Pad / Decal Antenna to each board in your quiver. The 500 micron sticker thin decal has near zero drag for no impact on surfing performance.

PART NUMBER: SUOE-SBA

FREEDOM+ SURF REMOVABLE POWER MODULE

The FREEDOM+ Surf removable power module can be easily transferred between your boards.

PART NUMBER: FRSS-OOA

SHARK SHIELD FREEDOM+

FRSS-OOA

Single Unit mm 235L x 125W x 85D. Weight 715 grams (six to a carton)

The FREEDOM+ removable power module powers the scientifically designed decal antenna electrodes that create the protective electrical field. Includes Power Module and Charging Dock.

OCEAN & EARTH TAIL PAD / DECAL

SUOE-SBA (life size point of sale version SUOE-SBA-P)

Single Unit mm 325L x 365W x 50D. Weight 655 grams (six to a carton)

Order the Ocean & Earth Tail Pad / Decal Antenna with the FREEDOM+ Removable Power Module, and for installing on additional boards. Includes 500 micron thin Decal Antenna, Tail Pad with Kicker Support and E-Field Control Kit.

FREEDOM+ DOCKING STATION

FRSS-DSA

Charging docking station for the FREEDOM+ power module, recharges the FREEDOM+ in under two hours. Includes international power adapter.

DECAL ANTENNA E-FIELD CONTROL KIT

SUOE-CKA

The decal antenna E-field control kit provides stickers to cover the decal electrodes to reduce the power output for those more sensitive to electrical fields. Reduces the E-field by 25%, 50% or 75% depending on which sticker is used. (reduces product's effectiveness)

FREEDOM+ 12V DC CAR/BOAT CHARGER

FRSS-CCA

Connects to the FREEDOM+ Docking Station for charging the FREEDOM+ Power Module from a 12V DC supply for use in cars and boats.

OCEAN & EARTH TAIL PAD KICKER SUPPORT

SUOE-KSA

Supports the kicker area when the FREEDOM+ Surf removable power module is not installed.

THREE YEAR EXTENDED WARRANTY

WASS-03A

Get extra protection, extend your standard One Year Warranty on your FREEDOM+ to a Three Year Warranty. (excludes accessories)

POINT OF SALE PACKAGING

This life size Point of Sale has been designed to help you show case the Shark Shield Ocean & Earth Tail Pad / Decal Antenna. There is no additional cost to order this POS above the normal Tail Pad / Decal Antenna accessory. Order SUOE-SBA-P
