# Letter from our **General Manager**

Welcome to another swim season!! It's great to be getting back to normal, great to be back on deck, training and racing, sharing stories, and being with friends and teammates.

The past two seasons have been challenging for everyone, and Team Aquatic Supplies is no different. We struggled with the sudden onset of the pandemic and had to navigate through some tough times. As we make our way back, Team Aquatic Supplies, Canada's Swim Experts, look forward to better days ahead. Reconnecting with our partners and helping all Canadians lead healthier lives through Swimming and aquatic fitness.

At the 2022 CSCA Coaching Conference, Doug Perks, Team Aquatic Supplies, and the DB Perks Group announced the creation of the Doug Perks Coach Development Fund. To jump-start, the fund Doug has put forward \$20,000.00 and will contribute \$5,000.00 annually to grow the fund so that in the future, Canadian coaches will have access to resources to improve and grow as professionals.

This generous offer is another example of Doug Perks and Team Aquatic Supplies' commitment to Swimming in Canada. We look forward to seeing Canadian coaches and swimmers benefit from this program for years to come.

I want to thank everyone for their ongoing support. We wouldn't be here today if it weren't for the help of the Canadian Swimming Community and our great partners. Give us a call; we are here to help!

Best Regards,

Greg Sanderson  
General Manager  
Team Aquatic Supplies Ltd.

# TAS EQUIPMENT MANAGER'S **TAS** SHEET

**Team Pricing** will apply when your team creates an account with one of our Sales Reps.  
*For items not in the catalogue please contact us.*

**Our TAS Web Store**

All teams are eligible for our Team Manager/Team Member Coupon Program as well as our Team Portal.

To see if you're eligible for a **TAS Shark Card** call us!

**Please contact your Sales Rep for more information**

## ORDERING

Place your order via:

Include the following: brand, item description, style#, colour, size and quantity. When possible, compile your orders weekly. Always specify delivery deadline at the time of order. Please allow extra delivery time when ordering pattern suits. Minimum shipping charges apply.

## PAYMENT

Payment is due 30 days from the date on the invoice. Please mail all cheques to the head office address in North Vancouver and note the invoice number on your cheque. Should you choose to pay by credit card, please contact our accounting department.

**1-888-980-8950**

**Thank you for choosing  
Team Aquatic Supplies Ltd**

*\*All prices subject to change*

**Size Kit Info:**

Request a size kit to use at your club's registration days to size swimmers properly.

Team suit orders need to be placed a min. of 3 weeks prior to the due date.

Custom team orders require a min. of 4 weeks lead time.

(Teams will be responsible for return shipping charges. PLS NO IN-STORE DROP OFFS)

TAS can also help your club with registration days, bringing any requested equipment and help size your swimmers.

*Size kits must be returned within 30 days or the club will be billed for the merchandise.*

**If you have any questions please contact your local Sales Representative:**

# Swim **Care** Suit

Everyone wants to make the most of their swimsuit purchases!

With a little extra care, it's possible to get extra use out of your non-technical swimsuit. Follow these simple steps to get more pool time out of your swimsuits!

**FIT**

When purchasing a swimsuit, be sure the fit is snug and comfortable on your body. Seams should not pop, fabric should not be stressed, nor sagging or baggy.

**RINSE**

At the very least, rinsing your suit in the shower after swim practice is mandatory. For better results try hand washing your suit in a combination of cold fresh water and Aqua Mate Swim Suit Cleaner, this will help neutralize and remove residual chlorine and its odor.

**DRYING**

After rinsing, always hang your suit where it can air dry, away from heat and direct sunlight, (female suits should hang upside down to prevent stretching in the straps). **DO NOT** machine wash your suit. **DO NOT** dry it in a suit dryer, machine dryer, or dry it by wringing it out. This can lead to unnecessary stretching and deterioration

**STORAGE**

A wet swimsuit should never be thrown into a swim bag and forgotten until the next practice, nor should it be wrapped in a towel.

**AVOID**

Hot tubs, steams and saunas with your suits. High heat and chemical levels can lead to fabric discoloration and deterioration. Most sunscreen lotions and skin care products may react to swim wear dyes and can potentially damage your suit.

#### New Team Portal

The ultimate convenience for your Team. Individual team members login, order all their team gear, including custom apparel, directly from TAS. Streamlined process, no inventory, no collections.

#### Exclusive Offers

TAS Teams and their members have access to exclusive perks, prizes, and other incentives, including our Shark Card program, where members get great discounts in-store and online.

#### Team Discounts

TAS offers our partners the best discounts available, with access to the largest competitive swimming inventory in Canada.

#### Money Back

When the Team and its members shop at Team Aquatic Supplies, a portion of the purchase goes back to the Team. The more you support TAS, the more we support you.

# Silicone **Care** Latex Cap

Everyone wants to make the most of their cap purchases!

## SILICONE/LATEX SWIM CAP Proper Care Guide

**DRYING**

Wipe dry inside and out with towel immediately after use or try to let hang dry.

**TLC**

Sprinkle cap regularly with talcum powder to deter bacterial growth. **DO NOT** leave exposed to direct sunlight.

**WARNING**

Your swim cap can become dangerous in the hands of children and can cause suffocation. **DO NOT** permit its use as a toy.

**CAUTION**

We have found that pools with certain purifiers and chemicals have adverse effects on colour of LATEX caps. Goggle straps are abrasive and will deteriorate the printing on LATEX caps.

**AVOID**

Avoid contact with sharp objects like fingernails and hair accessories.

## When to Buy a New Cap

With proper care, caps can survive many months of regular use, but those that develop stretched-out areas or small holes will need a replacement soon. The wear areas get bigger each time you put the cap on. Once a cap starts to stick to itself, has black mold spots, or discoloration, it is time to replace it.

# CUSTOM LOGO'D SILICONE CAPS

## SILICONE

TAS offers 4 styles of Custom Logo'd Silicone Caps:

- Standard
- Premium
- Dome Pro/Fastskin
- 360° Print

### STANDARD silicone caps

good quality price point silicone cap which fits slightly smaller than our Premium silicone cap. Low minimums. Available in a vast range of colours. Logo can be printed on sides of cap only.

### PREMIUM silicone caps

printed in Canada using high quality materials, combined with fast turnaround time and flexibility. Logos can be printed on sides of cap only.

**COLOURS:** black, royal blue, green, navy, red, silver, gold, yellow, violet, white, teal, purple, orange, sapphire, ultramarine

## DOME Pro/Fastskin Silicone Cap

An ideal silicone cap made for racing. Sleek design forms a tight hydrodynamic fit on the swimmer's head. Dome Pro is 1 size. Fastskin sizes are medium & large. Please specify sizes when ordering. Logo can be printed on both sides of cap only.

**COLOURS:** navy, yellow, red, kelly green, pink, orange, purple, maroon, neon green, black, white, silver, gold, light blue, metallic blue, gold yellow

## 360° PRINT Caps

Custom made with stock designs or one of your own. These are seamless caps and can be printed on sides, top, front, and back of cap. Any Pantone colour can be matched. ETA is 12 weeks after approval.

## CUSTOM LOGO'D LATEX Caps

Can be printed on both sides of cap only.

**COLOURS:** black, navy, royal, pale blue, red, burgundy, orange, salmon, coral, lavender, sky blue, yellow, corn, white, purple, mint, kelly green, forest green, military green

Custom names available for **all styles** (silicone and latex)

Samples/proofs available upon request

# Goggle Care Tips

Use these care tips for any type of swim goggle; recreational, practice, competition, open water swimming or diving.

## BUYING

Pick goggles that are snug, but not pulled too tight, or you'll stretch out the band and it'll lose its elasticity.

## TLC

It's best to buy goggles with an anti-fog coating. If your lenses do fog up, don't rub it off with your fingertips, as this gradually removes the protective coating on many lenses.

## RINSING

Rinse your goggles off in fresh water right after each swim to remove pool chemicals that may cause damage.

## CAUTION

Don't store swim goggles in direct sunlight, as it can fade the colours, accelerate the effects of aging on the band, and melt or warp certain components.

Let your goggles air dry to prevent mold and mildew buildup.

## AVOID

Avoid contact with sand or any other debris that might scratch the lenses. Consider storing your goggles in a protective case.
