

CHARACTERISTICS

- » Wireless settings (Wi-Fi)
- » PIR motion sensor
- » 3 recording modes: manual, programmed and alarm
- » Maximum 7 authorized users and 3 users online at the same time
- » Built-in microphone and audio, two-way audio support
- » SD memory up to 32GB (not included)

SPECS

Camera type	Bullet IP camera
Sensor	CMOS
Resolution	1080P (HD) 30fps
Min. illumination	1.5Lux color; B / W 0Lux with IR LEDs on
Lens (mm)	2.8 mm / F1.4
Vision angle	170°
IR distance	Up to 18m
IR LED	6PCS LED
Motion sensor	PIR
Compatible mobile systems	iOS, Android, Windows Mobile
Audio	Yes
Microphone	Yes
Bidirectional audio	Yes
Recording mode	Manual recording, scheduled recording and alarm recording
Video compression	H.264 / MPEG4
Internal recording	SD memory slot up to 32GB
Battery	18650 (included)
Battery duration	Up to 6 months in standby mode. Up to 3 months of moderate use.
Power supply	DC5V1A USB charger (not included)
Connectivity	Wi-Fi / 802.11 / b / g
Wireless signal	2.4GHz
Network protocols	P2P
Color	White
Element resistance	IP66
Temperature	-40°C ~ 44°C
